REQUESTED ACTION

Authorize the Department of Health and Human Services, Bureau of Drug and Alcohol Services, to amend an existing agreement with the Prevention Certification Board of New Hampshire (Vendor #168487), 501 South Street 2nd Floor, Bow NH 03304, for the provision of implementing a Prevention Specialist Mentorship Program, by increasing the price limitation by \$44,000 from \$44,000 to \$88,000 and extending the contract completion date from June 30, 2017 to June 30, 2019 effective July 1, 2017, upon Governor and Executive Council approval, whichever is later. The original contract was approved by the Governor and Executive Council on October 7, 2015 (item #20A). 98% Federal Funds and 2% General Funds.

Funds to support this request are anticipated to be available in State Fiscal Years 2018 and 2019 upon availability and continued appropriation of funds in the future operating budgets, with the authority to adjust encumbrances between state fiscal years through the Budget Office without Governor and Executive Council approval, if needed and justified.

EXPLANATION

The purpose of this amendment is to renew contract services for the Prevention Specialist Mentorship Program. The amended agreement does not include additional scope of work. In year one (1) of the original contract, the implementation was delayed by a couple months to allow time to establish a committee to review substance misuse prevention workforce assessments from other states for the development of New Hampshire's assessment. Once developed, the New Hampshire substance misuse prevention workforce assessment was implemented and the results were analyzed to develop the mentorship program.

New professionals are being matched to seasoned certified substance misuse prevention mentors. The goal is to start with five (5) pairs of matched mentors/mentees for a one (1) year commitment. After the first year, there will be an evaluation of the first-year mentors/mentees that have gone through the program. Based on the evaluation results, there will be refinements made to the mentorship program with the intent of identifying more mentees and mentors and continuing this mentorship practice in New Hampshire.

The substance misuse prevention field has many new professionals that will greatly benefit from more skilled and seasoned New Hampshire Prevention Specialist professionals. The Prevention Specialist Mentorship Program is based on a set of core competencies set by the Prevention Specialist Certification, in accordance with the International Certification & Reciprocity Consortium. These basic, intermediate and advanced levels of mentorship opportunities will enhance the quality of services drug and alcohol prevention and behavioral health specialists provide.

Due to the growing opioid and heroin epidemic in New Hampshire, it is critical our prevention specialist professionals are prepared to serve as experts in substance misuse prevention. Communities are becoming more aware and depend on these professionals to help lead the way. The Prevention Specialist Mentorship Program encourages and creates the pathway for professionals to learn from each other and gain knowledge and skills that otherwise may take years.

The original agreement contains language that allows the Department to renew the contract for up to four (4) years, subject to satisfactory performance, continued availability of funds and Governor and Executive Council approval.

Should the Governor and Executive Council not approve this request, Prevention Specialists may not have access to the basic, intermediate and advanced levels of mentorship opportunities which enhance the quality of services drug and alcohol prevention and behavioral health professionals provide within the State.

Area served: Statewide

Source of funds: 98% Federal Funds from the United States Department of Health and Human Services, Substance Abuse and Mental Health Services Administration, Substance Abuse Prevention and Treatment Block Grant, Catalog of Federal Domestic Assistance #93.959, Federal Award Identification Number TI010035-16 and 2% State General Funds.

In the event that Federal Funds become no longer available, General Funds will not be requested to support this request.

WORK HISTORY

Substance Misuse Prevention Coordinator – Greater Manchester Public Health Network (July 2013 – present)

In July of 2013 Makin' It Happen Coalition (MIH) began a partnership with the Manchester Health Department to deliver Substance Misuse Prevention Services and other Health Promotions to the Greater Manchester Public Health Network region (GMPHN). Always evolving our work within the GMPHN has expanded our scope of work leading to new partnerships and fresh approaches to engaging and collaborating with our regional partners, around the issues connected to substance misuse prevention. Currently I am holding the dual role of Substance Misuse Prevention Coordinator and Executive Director of MIH, which gives me a unique view of the need and also what is possible!

Makin' It Happen Coalition/Greater Manchester Regional Network (February 2011 – present)

The Makin' It Happen Coalition is the leading regional prevention coalition for the greater Manchester NH area. Many partners, organizations, businesses and schools come together on a regular basis to address the concerns, needs and opportunities available for our youth, their families and communities with a focus on positive healthy choices. As the Executive Director, my core focus is on identifying and developing opportunities for collaboration around bringing behavioral health, prevention, treatment and recovery information and services to the largest city in the state and the surrounding townships. In addition I have a dedicated focus on understanding and identifying collaboration opportunities with state lead agencies and organizations that have a parallel focus of developing healthy communities. I lead the regional effort to establish committee(s) to help develop a three year sustainability plan for the Greater Manchester region, along with establishing three support workgroups as required for the regional network I lead the effort to conduct Appreciative Inquires throughout the region which assisted us in identifying the well of assets and challenges that helped form our core strategy selection. Beginning in the summer of 2012, work began to set short and long term goals for the region along with developing an operating budget. In 2013 we began the important task of developing our partnership with the Manchester Health Department and moving forward with our Whole Health Model, designed to promote whole health wellness and increase our community capacity.

Epping/Newmarket Coalition for Youth and Families (April 2009 – September 2010)

The focus of my work with the Epping/Newmarket coalition was dedicated to developing start-up steps to build and organize efforts around bringing positive healthy choices to the youth and their families of these two small, unique communities located within the northern-tier of Rockingham County. Although my time working with the coalition was short, we were able to establish a solid membership base, working with the schools we brought in the Olweus Bullying Prevention Program, several youth/family focused events. The coalition, although scaled back in size and effort due to funding cuts, is still active and working with the Greater Rockingham County Regional Network to keep the youth and families informed and engaged in Prevention efforts to encourage positive healthy choices.

WestRock Collaborative Partners Coalition (November 2009 – September 2010)

To fill a need I took on the additional role of coordinator for the WestRock Collaborative Partners Coalition, located in the western-tier of Rockingham county. Throughout by brief time working with this coalition we were able to flush out the framework for this partner-centric coalition. The members continue to work towards having a coalition that is vested in the community in the three core areas of Prevention, Treatment and Recovery.

Northern Essex Community College (2007 - 2009)

NECC is a two-year community college with campuses in Haverhill and Lawrence, MA. Operating as a **consultant**, my focus was working with existing teams within the Enrollment Services Division to assess, evaluate and recommend vision forward changes. I helped to review and reshape the team, along with

internal workflow procedures, to fall in line with the institutional goal of providing superior customer service to students and prospects.

Mary Forsythe-Taber Consulting and Freelance Services (2001 – present)

During the past several years I have provided **consulting and freelance services** on a limited basis with a process and protocol development focus. My work has included staff evaluation and recommendations along with process and procedure review/development work for various small companies and non-profit agencies. I started this venture when my son was born in order to have a more flexible, family-friendly schedule during his early years.

AnswerThink (1995 – 2001)

AnswerThink is a web development firm offering its client's innovative, visually rich technology solutions. During my tenure with the company, I was promoted into several different positions, ranging from project/production management to various Director level roles. Our client list included: Unilever, Fidelity, John Hancock, and Time Warner among others.

As the **Director of Production Services** I was responsible for providing both direction and vision to the 25+ production team of the Boston-based Integrated Marketing Group of Answerthink. I was accountable for the success of the team which included front-end programmers, developers, and creative producers. In addition, I was responsible for the development and execution of all departmental goals, set in coordination with global corporate-wide initiatives. Though originally hired as a production manager for the presentation group, I was successfully promoted three times, first to production manager of all media services and then to Director, which ultimately led to my promotion as Director of Production Services.

As a **Director** I was a member of the **Organizational Effectiveness Team**. We led the firm's directive of developing more efficient cross-departmental process and protocol for all production teams, along with the development of training presentations.

As the acting **Director of Operations** I was responsible for managing the daily operations of the Boston office. I was responsible for the management of all IT/communication systems, staffing and overseeing the office management team and developing office protocol.

Image 4 Concepts (1994 - 1995)

Image 4 Concepts designed, developed, and installed a wide range of visual display media for clients throughout central New England. As an **Account/Project Manager** I was able to provide both client service and production management expertise. One of my key accounts/projects was the first advertising visual initiative for the newly expanded Manchester Airport. Working with both ad agencies and clients directly, I managed all project details (concept to completion), including serving as the liaison between the client and the internal production team.

MediaPower! (1990 – 1993)

MediaPower! provided presentation graphics and special event support services for high profile clients such as Digital, IBM and various state agencies. As **Production Manager** of a small group of computer graphic designers, I was responsible for reviewing, staffing, scheduling, and monitoring all project requests. I was also responsible for securing and communicating with all external support resources.

Eastern Rainbow (1989 – 1990)

Eastern Rainbow was a premier pre-press production house located in southern NH; Eastern Rainbow expanded their offerings by adding (through the acquisition of Colburn and Blazok) design and layout services. I was fortunate enough to be included as part of this merger. In my position as **Project Manager** I worked as part of a team to manage the design and layout elements of large publication projects.

EXPLANATION

The purpose of this agreement is to provide the development and implementation of a Prevention Specialist Mentorship Program that is based on core competencies in order to create professional development opportunities for prevention specialists of various skill and knowledge levels. Prevention services are in a more dominate role as a result of the changes in state and federal laws. A well-trained workforce is the foundation for an effective service delivery system. A professional mentoring program will strengthen the newer prevention professional's skills through the guidance from more seasoned prevention professionals.

The Department of Health and Human Services solicited proposals for of the development and implementation of a Prevention Specialist Mentorship Program through the Request for Proposal process. A Request for Proposals was posted to the Department's website on March 17, 2015 through April 24, 2015. One (1) proposal was received. A group of individuals with program specific knowledge reviewed the proposal. The Prevention Certification Board of New Hampshire was chosen to receive funding.

This agreement contains renewal language that allows the Department to renew the contract for up to four (4) years, subject to satisfactory performance, continued availability of funds and Governor and Executive Council approval.

Should the Governor and Executive Council not approve this request, Prevention Specialists may not have access to the basic, intermediate and advanced levels of mentorship opportunities which enhance the quality of services drug and alcohol prevention and behavioral health professionals provide within the State.

4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
