REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, Bureau of Infectious Disease Control, Infectious Disease Prevention, Investigation and Care Services Section, to enter into a **sole source** agreement with Magellan Medicaid Administration, Inc., Vendor #175784, 11013 West Broad Street, Suite 500, Glen Allen, Virginia 23060, in an amount not to exceed \$1,623,162.00, to provide Pharmacy Benefit Management services to individuals with Human Immunodeficiency Virus served by the New Hampshire Ryan White Comprehensive Acquired Immune Deficiency Syndrome Resources Emergency Act Program, known as the Ryan White Program, statewide, to be effective July 1, 2013 or date of Governor and Council approval, whichever is later, through June 30, 2016.

Funds are anticipated to be available in SFY 2014, SFY 2015, and SFY 2016 based upon the availability and continued appropriation of funds in the future operating budgets, with authority to adjust amounts within the price limitation and amend the related terms of the contract without further approval from Governor and Executive Council.

Fiscal Year	Class/Object	Class Title	Job Number	Total Amount
SFY 2014	103-502664	Contracts for Program Services	90024603	\$803,730.00
SFY 2015	103-502664	Contracts for Program Services	90024603	\$402,672.00
SFY 2016	103-502664	Contracts for Program Services	90024603	\$416,760.00
			Total	\$1,623,162.00

EXPLANATION

New Hampshire Department of Health and Human Services elected to pursue a sole source contact with Magellan Medicaid Administration, Inc. because the vendor is already under contract with the New Hampshire Department of Health and Human Services for pharmacy benefit management services for New Hampshire Medicaid, and is providing the State with a nearly identical service. Design and implementation costs of the Ryan White Program Pharmacy Benefit Management system are greatly reduced as a result.

Funds in this agreement will be used to implement a pharmacy benefit management system for the Ryan White Program and to process payment for prescription drugs for eligible clients. The Ryan White Program's core mission is to improve health outcomes for persons living with human immunodeficiency virus, and specifically to maximize the percentage of human immunodeficiency virus-infected New Hampshire residents receiving evidence-based medical care, case management, and necessary medications. A core part of fulfilling this mission is payment by the Program for prescription medications needed by these individuals.

The Program's current payment process to pharmacies is fax and paper-based, and requires the manual entry, management and payment of approximately 13,000 prescriptions per year as dispensed by 175 pharmacies statewide. To improve efficiency and data integrity and to fulfill federal Health Resources and Services Administration requirements, the Department seeks to engage Magellan Medicaid Administration, Inc. to utilize its Pharmacy Benefit Management system to automate what is an increasingly cumbersome and inefficient system.

The vendor will be responsible for the configuration and implementation of the Ryan White Program pharmacy benefit management system and shall act as the State's fiscal agent for these services. The vendor will provide all of the system's functional components and meet the Program's requirements. The company has a proven record of dependable performance in the services it provides New Hampshire Medicaid. Pharmaceutical manufacturer rebates paid to the Ryan White Program under the Federal 340B Drug Pricing Program will be utilized to pay for 100% of the expenses of the Pharmacy Benefit Management system.

The SFY 2014 total \$414,678 for system development and implementation and \$389,052 for first year claims processing. The SFY 2015 and SFY 2016 totals are flat fees for claims processing, regardless of volume.

Should Governor and Executive Council not authorize this Request; the Ryan White Program will not have the ability to improve efficiency and financial integrity to fulfill Federal and State expectations and requirements.

This Agreement has the option to renew for three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. This is the initial agreement between the Ryan White Program and the Vendor for these services.

The following performance measures will be used to measure the effectiveness of the agreement.

- Annually, 95% of claims are correctly applied to the Ryan White Program (no other insurance or coverage was available at the prescription fill date).
- Annually, 95% of medication insurance denials are correctly paid by the Ryan White Program at the New Hampshire Medicaid rate (includes all medications except for those on the Ryan White Program exclusion list).

Requested Action and Explanation

The Department of Health and Human Services (DHHS), Division of Public Health Services (DPHS), Bureau of Infectious Disease Control, respectfully requests the Department of Information Technology's approval of a sole source agreement with Magellan Medicaid Administration, Inc. (Vendor #175784), 11013 West Broad Street, Suite 500, Glen Allen, VA 23060, to provide pharmacy benefit management (PBM) services to individuals with Human Immunodeficiency Virus (HIV) served by the New Hampshire Ryan White Comprehensive Acquired Immune Deficiency Syndrome Resources Emergency (CARE) Act Program, known as the Ryan White Program, statewide, to be effective July 1, 2013 or date of Governor and Council approval, whichever is later, through June 30, 2016 in an amount not to exceed \$1,623,162.00.

Funds are available in the following account for SFY 2014 and are anticipated to be available in SFY 2015 and SFY 2016 based upon the availability and continued appropriation of funds in the future operating budgets with authority to adjust amounts if needed and justified between State Fiscal Years.

* SFY 2014 amount is the total of \$414,678 for the development and implementation of the system plus \$389,052 for processing fee for the first year: 7/1/13 to 6/30/14. Each annual fee is a flat amount regardless of the volume of claims processed.

EXPLANATION

The Ryan White Program's core mission is to improve health outcomes for persons living with HIV, and specifically to maximize the percentage of HIV-infected New Hampshire residents receiving evidence-based medical care, case management, and necessary medications. A core part of fulfilling this mission is payment by the Program for prescription medications needed by these individuals.

~~The Program's current payment process to pharmacies is fax and paper-based, and requires the manual entry, management and payment of approximately 13,000 prescriptions per year as dispensed by over 175 pharmacies statewide. To improve efficiency and data integrity and to fulfill federal Health Resources Services Administration (HRSA) requirements, DHHS seeks to engage Magellan Medicaid Administration, Inc. to utilize its Pharmacy Benefit Management (PBM) solution to automate what is an increasingly cumbersome and inefficient system.~~

NH DHHS elected to pursue a sole source contract with Magellan Medicaid Administration, Inc. because the vendor is already under contract with DHHS for pharmacy benefit management services for NH DHHS' Office of Medicaid Business and Policy (OMBP), and is providing the State with a nearly identical service. Design and implementation costs of the Ryan White Program PBM system are greatly reduced as a result. The vendor will be responsible for the configuration, and implementation of the Ryan White Program PBM system and shall act as the State's fiscal agent for these services. The vendor will provide all of the system's functional components and meet the Program's requirements. The company has a proven record of dependable performance in the services it provides OMBP. Manufacturer rebates paid to the Ryan White Program under the Federal 340B Drug Pricing Program will be utilized to pay for 100% of the expenses of the PBM solution.

This Agreement has the option to renew for three (3) additional year(s), contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. This is the initial agreement with this Vendor for these services.

Prior Related Actions

No previous Related Actions.

Alternatives and Benefits

The proposed solution will eliminate most of the paperwork and dramatically reduce the staff time devoted to data entry, filing, payment processing and reporting. The overall result will be increased efficiency and lower administrative costs for the Program, and for the pharmacies that serve Ryan White Program clients. The automated PBM system would also provide the benefit of dealing with a single vendor, rather than with over 175 individual pharmacies.

The current paper-based system was created in the mid 1990s and has continued virtually unchanged since then. There are few alternatives to a pharmacy benefit management system other than to continue the current manual process. At best the Ryan White Program would continue to pay excessive administrative costs for an obsolete paper-based system for claims processing.

Impact on Other State Agencies and Municipalities

None anticipated.

Open Standards

An open source software PBM (POS, Reporting, Call Center, etc.) solution was not considered since the State is leveraging the existing OMBP PBM solution already in place through Magellan and there is not commercially viable open source PBM solution product suite in the market place. Magellan is able to offer this service to DHHS at a substantially reduced cost. Magellan guarantees that the State will have access to its data in compliance with RSA 21-R:13.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and maintain in force, and shall require any subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 comprehensive general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$250,000 per claim and \$2,000,000 per occurrence; and

The State shall consider Magellan to be the sole point of contact with regard to all contractual matters, including payment of any and all charges resulting from the Contract.

14.3 Notwithstanding the foregoing, nothing herein shall prohibit Magellan from assigning the Contract to the successor of all or substantially all of the assets or business of Magellan provided that the successor fully assumes in writing all obligations and responsibilities under the Contract. In the event that Magellan should change ownership, as permitted under this Contract Agreement Part 2, Section 14: *Change of Ownership*, the State shall have the option to continue under the Contract with Magellan, its successors or assigns for the full remaining Term of the Contract; continue under the Contract with Magellan, its successors or assigns for such period of time as determined necessary by the State; or immediately terminating the Contract without liability to Magellan, its successors or assigns.
