Pursuant to RSA 21-P:43, authorize the New Hampshire Department of Safety, Division of Fire Safety to enter into a grant agreement with the City of Manchester (VC# 177433, B010) in the amount of \$12,458.00 for activities associated with the development and implementation of emergency plans under the Emergency Planning and Community Right-to-Know Act. Effective upon Governor and Council approval through September 30, 2013. Funding Source: 100% Federal Funds.

Funds are available in the following account:

02-23-23-238010-53110000	Dept. of Safety Div of Fire Safety	HMEP Grant
072-500574	Grants to Local Gov't – Federal	\$12,458.00
Activity Code: 23HMEP1213PL		

Explanation

The purpose of this grant agreement is to provide assistance to the City of Manchester, NH to continue the planning and training initiatives for Manchester's hazardous materials response plan, Tier II coordination, scenario and vulnerability studies for the city and training for first responders. The geographic area consists of the Greater Manchester region, including major transportation routes, industrial and commercial facilities, and the Manchester-Boston Regional Airport, which is a major freight center for New England. Major transportation routes include Route 93, Everett Turnpike, and US Route 3 as well as Route 101. The proposed commodities flow study will provide information to update and refine the city's hazardous materials vulnerability plan. Funds were awarded from the U.S. Department of Transportation, Hazardous Materials Emergency Planning Grant (HMEP), to the New Hampshire Department of Safety, Division of Fire Safety, Advisory Council on Emergency Preparedness and Security (ACEPS). Activities associated with the development and implementation of emergency plans under the Emergency Planning and Community Right-to-Know Act include: hazard analysis and risk assessments; the purchase of health, safety and environmental database/software and reference materials; tracking of facility information with each community; and the update of databases to ensure sound tactical and strategic decisions to protect the general public, environment and responders in the event of a hazardous materials incident in their area of responsibility.

A list of grant awardees was reviewed and approved by the Advisory Council on Emergency Preparedness and Security (ACEPS) on June 8, 2012. The committee all agreed that the list of grantees was justified for funding and that grant funds were sufficient to cover the amounts offered to the recipients. **This grant award is for planning activities.**

Highway Funds or General Funds will not be used should Federal Funds become unavailable.

Respectfully submitted,

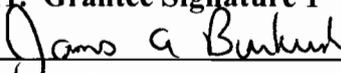

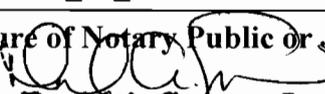

John J. Barthelmes
Commissioner of Safety

 - 12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.

Dear Chairman Roy:

On October 16, 2012, the department was notified by the NH Department of Safety of their approval of a 2012 - 2013 Hazardous Materials Emergency Preparedness (HMEP) grant. This grant provides funding to assist the department in tracking and planning for releases of hazardous materials which are subject to Federal Tier II reporting requirements. These funds are provided by the US Department of Transportation, Pipeline and Hazardous Materials Safety Administration to the State for distribution to communities which are at risk from potential Tier II chemical releases.

The grant award is in the amount of \$15,573 of which \$12,458 is the federal share and \$3,115 (20%) is our local match. This match may be met either in cash or in-kind. It is the fire department's intention to utilize on-duty staff hours to meet the federal match requirements. Please accept this letter as a request of your committee to approve and accept this grant award.

Respectfully,

James A. Burkush
Chief of Department
