EXPLANATION

The Department of Health and Human Services encourages and supports employees who wish to further their professional growth through continuing education in disciplines that are mutually advantageous. College for America at Southern New Hampshire University has partnered with the State of New Hampshire to provide state employees with low-cost, competency-based associate and bachelor degree programs.

This program, offered by College for America, entitled, BA in Management – Public Administration Concentration, enhances student job skills through mastery of competencies with career-specific goals. The student is expected to complete 24 competency-based projects during a six-month semester. Each goal is matched with a specific course offered by Southern New Hampshire University, creating a very comprehensive program. The competency-based projects allow working adults to complete college degrees through practical, skill-based school work.

The student will demonstrate mastery in competency areas through the following project areas: business and managerial accounting, cultural competency, human resources engagement, marketing, business operations management, mathematical problem solving, negotiations, policy ethics, and public administration. These projects will provide the employee with real life experience through situations geared toward her current business practices and job expectations.

Ms. Dow has worked for the Department for 12 years and is currently an Accountant II in the Office of Finance. The skills mastered in this program will benefit her office by increasing her business management skills to become more proficient in managing her work load to provide exemplary customer service. Successful completion of the program will add to the overall strength of the Department to perform its mission to the residents of New Hampshire. This course will not be taken on State time.

Attached is a fully executed Tuition Agreement for your review.
