The grant funds are to be used to support the prevention of, preparation for, and response to the ongoing COVID-19 public health emergency. Through this funding opportunity, FEMA will award funding to support planning and operational readiness for COVID-19 preparedness, response, development of tools and strategies for prevention, preparedness, and response, and ongoing communication and coordination among federal, State and local partners throughout response. Grant guidance and applications are available to all Emergency Management Directors and other qualified organizations in the State. Subrecipients submit applications to this office, which are reviewed by the HSEM Planning and Grants Chief, Assistant Chief of Grants and Field Representatives and approved by the HSEM Director. The criteria for approval are based on grant eligibility in accordance with the grant's current guidance and the documented needs of the local jurisdictions.

The Emergency Management Performance Grants are 50% federally funded by FEMA with a 50% match requirement supplied by the subrecipient. The subrecipient acknowledges their match obligation as part of Exhibit B to their grant agreement.
