EXPLANATION

The State Conservation Committee (SCC) in fulfillment of its responsibilities under RSA 432:11 and RSA 261:97-c, III wishes to renew a sole source contract with Deirdre Brickner-Wood LLC to perform certain tasks as enumerated in attachment Exhibit A, including SCC grant administrative support, grant assistance to county conservation districts, administration and outreach of the conservation plate grants program and other activities as identified in Exhibit A.

This is a sole source contract as Ms. Brickner-Wood has performed exemplary work as the SCC grant administrator over the past years and she has a vast knowledge pertaining to grant administration, as well as knowledge of agriculture. These services provided by Ms. Brickner-Wood will help to ensure that the grant paperwork is processed in a timely way and will focus on the actual projects. Ms. Brickner-Wood has performed exemplary work as the SCC grant administrator during the present biennium. She coordinated a review of the grant program and implemented new processes to clarify and improve grant application and administrative procedures. The process of grant improvement is still in progress. She understands the projects that have current grant awards and has established good relationships with grant recipients. Renewing her contract results in lower operational cost through both program and process consistency. At its regular quarterly meeting on February 16, 2017, the SCC voted unanimously to approve the contract with Deirdre Brickner-Wood LLC.

Respectfully submitted,
