The purpose of this request is for the provision of a Master Licensed Alcohol and Drug Counselor (MLADC) to provide screening, assessment, training and consulting to Division for Children, Youth and Families staff; and referrals to clients when alcohol and/or substance misuse has been identified in a Division for Children, Youth and Families case. This request represents one (1) of twelve (12) agreements for these services. On August 24, 2016, the Governor and Executive Council approved one (1) agreement for the Berlin area (Item # 10A). The Department anticipates ten (10) more agreements will be brought forward to the Governor and Executive Council for approval at a later date.

The MLADC shall be involved as an embedded consultant to assist with reducing barriers to treatment, increase access to community-based services and programs as well as ensure that children with an established condition are identified and connected with the appropriate services in a timely manner.

The Master Licensed Alcohol and Drug Counselor will consult with Child Protection Service Workers (CPSWs) and Juvenile Justice Probation and Parole Officers and their Supervisors; provide training to Division for Children, Youth and Families staff on Substance Misuse Education; accompany CPSWs on home visits when appropriate; conduct screenings and assessments; complete evaluations on parents involved with abuse/neglect; assist parents, family members of clients, staff, and individuals seeking assistance with community resource connections; be available during normal business hours to individuals for crisis interventions within the scope of practice.

These contracts were competitively bid. The Department of Health and Human Services published a Request for Application for twelve (12) New Hampshire DCYF Master Licensed Alcohol/ Drug Counselors. The Request for Applications was posted to the Department's website on April 14, 2016 and will remain open until all positions are filled.

One (1) application was received for the Laconia District Office. The application was evaluated by Division for Children, Youth and Families' staff with knowledge of the program requirements. The applicant, Tina-Marie R. Pillsbury, was selected. The bid summary score sheet is attached.

The attached agreement is for the provision of these services for one (1) year, with the option to renew for up to four (4) additional years, based upon continued availability of funding, satisfactory vendor performance and approval of the Governor and Executive Council.

Should the Governor and Executive Council not approve this request, the Division for Children, Youth and Families may not have adequate screening, assessment, training and consultation when working with children and their families in the Laconia area when alcohol and/or substance misuse has been identified in a case.

2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and
