Victoria F. Sheehan
Commissioner

William Cass, P.E.
Assistant Commissioner

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

Bureau of Right-of-Way

REQUESTED ACTION

Pursuant to RSA 4:39-d, "Leasing of State-Owned Real Estate on Public Waters," authorize the New Hampshire Department of Transportation (Department) to **retroactively** lease 50 linear feet of shoreline along lake Winnepesaukee, adjacent to Route 11 in the Town of Alton, to Donald F. and Sharon K. Cundy (Lessee). The term of the lease will be five years, effective August 1, 2021, through July 31, 2026. The annual lease amount is \$1,748.50, effective upon Governor and Executive Council approval.

Lease income will be credited as follows:

04-096-096-962015-3028-406912	<u>FY 2022</u>	<u>FY 2023</u>	<u>FY 2024</u>
Rental Income	\$1,602.80	\$1,748.50	\$1,748.50
	<u>FY 2025</u>	<u>FY 2026</u>	<u>FY 2027</u>
	\$1,748.50	\$1,748.50	\$145.70

EXPLANATION

This request is **retroactive** to coincide with the signed lease terms.

As a result of the number of encroachments discovered along the NH Route 11 corridor in 2013, a reestablishment plan was developed, and all abutters were notified of their encroachments. The Department has decided to enter into Lease Agreements with those landowners meeting statutory requirements.

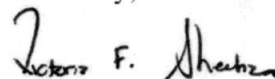

The taxes for the Alton Bay leases will be calculated by using the linear distance of frontage along the lake as outlined in RSA 228:57-a, IV. This calculation method was reviewed and supported by the Attorney General's Office and is currently used by the Department's Bureau of Rail and Transit.

The Department received a request from the Lessee, to lease the subject property located in the Town of Alton.

On June 21, 2021, the Long-Range Capital Planning and Utilization Committee granted approval (LRCP 21-023) to enter into Lease Agreements with property owners adjacent to NH Route 11 along Lake Winnepesaukee in the Town of Alton, valid for 5-year terms with the option of renewal at the end of the 5-year term.

The Department respectfully requests authorization to retroactively enter into a 5-year lease with the Lessees.

Sincerely,

Victoria F. Sheehan
Commissioner

SUBJECT: Rental of State Owned Property on Alton Public Waters
RSA 4:39-d

**Approved by the Long
Range Capital
Planning and
Utilization Committee
June 21, 2021**

TO: Representative John Graham, Chairman
Long Range Capital Planning and Utilization Committee

REQUESTED ACTION

Pursuant to RSA 4:39-d, "Leasing of State Owned Real Estate on Public Waters", the New Hampshire Department of Transportation (Department) requests approval to enter into 27 Lease Agreements (Agreements) with property owners adjacent to NH Route 11 along Lake Winnepesaukee in the town of Alton. The Agreements would be valid for 5-year terms with the option of renewal at the end of 5-year term. The intent of this requested action is to authorize the use of state owned land by leasing Department's littoral rights to adjacent property owners, ensuring compliance with management of the property.

EXPLANATION

The Department acquired the property and related littoral rights from the Town of Alton in 1941 for the reclassification of NH Route 11, under Federal Aid Project No. F 230 (4) "Winnepesaukee Road".

As a result of the number of encroachments discovered along the NH Route 11 corridor in 2013, a reestablishment plan was developed and all abutters were notified in writing, of their encroachments. To resolve the issue of encroachments, the Department has decided to enter into Lease Agreements with those land owners who have submitted applications, meet the statutory requirements of RSA 4:39-d, and are approved by Governor and Council.

The rent amount for the Alton Bay leases will be calculated by using the linear distance of frontage along the lake as outlined in RSA 228:57-a Section IV, "Leasing Certain Portions of Railroad Properties. The current rate is \$34.97 per linear foot of adjacent shoreline which is recalculated every five years to adjust for the Capital Price Index. This calculation method was reviewed and supported by the Attorney General's Office, and is currently used by the Department's Bureau of Rail and Transit.

The maximum total linear footage of property encompassed by the 27 property owners is 2,049.42 feet along the shoreline of Lake Winnepesaukee. The lease rate is \$34.97 per linear foot, therefore the maximum total yearly rental income for the 27 lease agreements is projected to be no more than \$76,249.29. The Department is still negotiating length of linear footage with the lessees so the actual linear frontage for each property may be reduced which could reduce the total lease revenue. The maximum total yearly taxes projected to be paid to the Town of Alton is approximately \$1,040. ±

The 27 affected property owners who meet the statutory requirements for a Lease Agreement under RSA 4:39-d are outlined in Exhibit 1 on page 2.

SUBJECT: Process of Addressing NH Route Right of Way Encroachments in Alton

TO: Representative John Cloutier, Chairman
Long Range Capital Planning and Utilization Committee

INFORMATIONAL ITEM

The Department of Transportation proposes methods of addressing encroachments into the NH Route 11 right of way which include dwellings, boat houses, stairs, and decks along a section of NH Route 11 in Alton.

EXPLANATION

In 2013, pursuant to the process laid out in RSA 228:35, the Department reestablished the highway boundary along NH Route 11 in Alton Bay. The State originally acquired fee ownership of the land in 1941, and established the right of way boundaries in 1947 as a part of the Alton FAP #F-230(4), P-2001 project. During the reestablishment process, the Department identified that multiple encroachments had been placed within the right of way since the time when the boundary was originally established. These encroachments include dwellings, stairs, decks, docks, and boathouses.

The Department developed plan sheets to document the encroachments and right-of-way boundary, and a formal notice of reestablishment, all of which have been recorded in the Belknap Registry of Deeds. Individuals that were affected by the reestablishment have been notified that they own a structure that encroaches on the State's property.

Since the time of reestablishment, the Department has allowed the encroachments to remain within the right of way. However, the Department must periodically reevaluate the highway limits, and any encroachments that lie within those limits, based upon maintenance and operational needs. As traffic and development continue to grow, the needs for maintaining and operating the roadway may change. The Department must have the ability to use this property at its discretion, but understands that individuals use and enjoy the structures that lie within the State's property. In order to balance these competing interests, the Department proposes to enter into temporary use agreements with all encroachers.

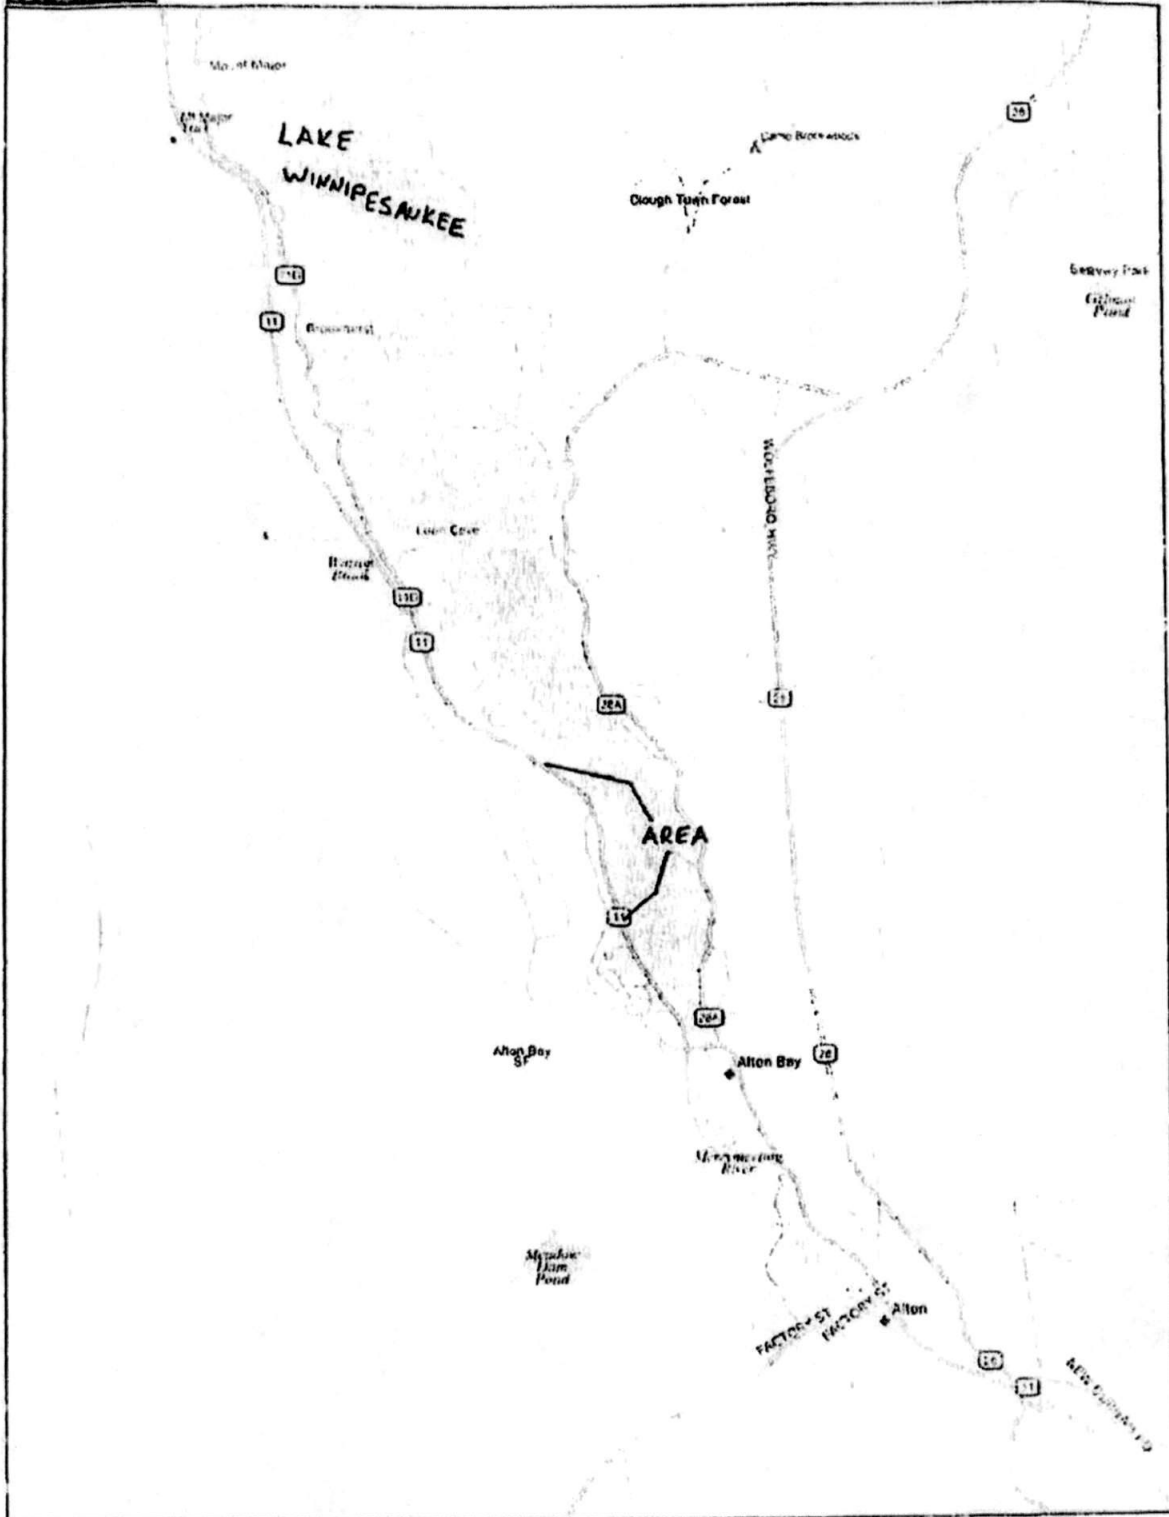

The type and term of temporary use agreement is dependent upon the type of structure:

- Dwelling structures and boat houses built prior to the 2013 reestablishment will be grandfathered and eligible for a long-term encroachment agreement. The term of the encroachment agreement would be for 25 years, or during the duration the current occupant owns the dwelling, whichever may expire sooner. The encroachment agreement is desirable to the Department because it acknowledges the permanent nature of a dwelling, by allowing the occupant to remain for a lengthy duration, while allowing the Department to make long-term plans about the use of the right of way, by agreeing that the dwelling will be removed within 25 years at the latest.
- Stairs and decks that were built prior to the 2013 reestablishment, and are used to access an adjacent dock, will be eligible for a short-term lease. A lease will only be granted when the adjacent dock has met all NH DES dock permitting requirements. Stairs and decks that meet these requirements will be eligible for a 5-year lease pursuant to RSA 4:39-C. No new stairs or decks will be approved, and will not be eligible for a lease.

- Docks in place prior to the 2013 reestablishment will be grandfathered until such time as the NH DES dock permit expires. Upon expiration of a dock permit, a dock owner must enter into a lease agreement with the Department, which will be contingent upon the applicant receiving a current NH DES dock permit. All dock leases will run concurrent with the duration of the NH DES dock permit. No new docks will be approved, and will not be eligible for a lease. The short-term lease is desirable to the Department because it allows for reevaluation of Department needs every few years, but also allows individuals with a dock to continue their pre-existing use until such time that the Department may need the property.

The Department has reviewed its maintenance and operational needs along Route 11 in Alton, and at this time is able to allow individuals to continue their encroaching uses. The Department wishes to begin notifying individuals to enter into use agreements for each encroaching structure. The specific terms and conditions of each type of use agreement are contained in the documents attached hereto.

Re: Alton Bay Reestablishment, Parcel No. { }, Right-of-Way Reestablishment and Encroachment Plan

Dear Alton Bay Resident,

You are receiving this letter because you maintain a dwelling, dock, boathouse, stairs, deck, and/or other structure that encroaches on State-owned land in Alton, New Hampshire. In 2013, the New Hampshire Department of Transportation reestablished the highway boundaries of NH1 Route 11 along Alton Bay. During the reestablishment, the Department learned that there were many structures along Alton Bay that encroached wholly or in part on the State land. Our records indicate that you maintain one or more of these encroachments.

The Department must balance the ever-changing needs of the highway with the interests of individuals that have enjoyed the use of Alton Bay. To address these competing interests, the Department has created a process to grant temporary encroachment agreements or lease agreements, depending upon the type of encroachment. Encroachers must execute a formal agreement with the Department in order to continue using any structure. Failure to enter into an agreement with the Department may result in the removal of your encroachment.

The process to obtain an agreement may take a year or more. Applicants are encouraged to start the process early in order to obtain an agreement before any other relevant permits expire. The process for obtaining an agreement is attached to this letter. Also attached are the relevant plans which may assist you in locating and identifying your encroachment.

The Department looks forward to reaching agreements with all individuals that have encroaching structures. Please review the attached process and take the steps as outlined. Please direct all questions to [insert email contact for District 3 Engineer].
