EXPLANATION

The purpose of this grant is for the Central New Hampshire Regional Planning Commission to update the hazard mitigation plans for the Town of Canterbury, City of Concord, Town of Dunbarton, Town of Hopkinton, Town of Loudon, and Town of Pittsfield. The grant listed above is funded from the Building Resilient Infrastructure and Communities (BRIC) grant, which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The BRIC grant program provides funding to subrecipients for cost-effective hazard mitigation activities that complement a comprehensive mitigation program. FEMA provides BRIC funds to states that, in turn, provide sub-grants or contracts for a variety of mitigation activities, such as planning and the implementation of projects identified through the evaluation of natural hazards.

The BRIC grant program is 75% federally funded by the Federal Emergency Management Agency with a 25% match requirement supplied by the subrecipient. The subrecipient acknowledges their match obligation as part of Exhibit B and C to their grant agreement.

There are no General Funds required with this request. In the event that BRIC funds become no longer available, General Funds and/or Highway Funds will not be requested to support this program.

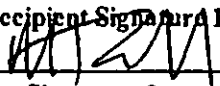

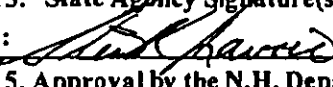

Respectfully submitted,
