REQUESTED ACTION

Pursuant to RSA 363:28, III, authorize the Office of the Consumer Advocate (OCA), to enter into a contract for professional services with Larkin & Associates, PLLC, 15728 Farmington Road, Livonia, MI 48154 (Vendor #300108) to provide expert services to support the participation of the OCA in an upcoming major electric utility rate case (to be filed in April by Public Service Company of New Hampshire d/b/a Eversource Energy) at the Public Utilities Commission (PUC), plus additional cases as time and budget allow for an amount not to exceed \$68,000. The contract will be effective upon Governor and Council approval through June 30, 2020. **100% Public Utility Assessment**

Funding is available in account Consumer Advocate as follows for FY2019, funding for FY2020 is contingent on budget approval, with authority to adjust encumbrances between fiscal years within the price limitation through the Budget Office, if necessary and justified:

EXPLANATION

The OCA represents the interests of residential utility customers and, in that capacity, participates in dozens of proceedings before the PUC each year. In terms of both importance and scope, the most significant PUC proceedings are rate cases in which the entirety of a utility's revenue requirement (including the prudence of expenses and capital expenditures included in that requirement), as well as the design of the rates used to recover the revenue requirement, receive detailed and comprehensive consideration. With a professional staff consisting of two attorneys, an economist and a director of finance, the OCA has typically relied on outside experts who specialize in utility regulation to augment in-house resources so that we may participate fully and vigorously in such major proceedings before the PUC.

Two major rate cases are expected to be filed in April of 2019. One involves the state's largest electric utility – Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) – and will be Eversource's first such rate proceeding in a decade. The second involves Granite State Electric Company d/b/a Liberty Utilities (Liberty). To assist the OCA with its work on the Eversource rate case, the OCA proposes to enter into a contract with Larkin & Associates, PLLC for the purpose of reviewing, analyzing, critiquing and (as necessary) improving upon the utility's proposed revenue requirements. The principal focus of such an inquiry is on the prudence of the utility's operating expenses and capital costs. As described below, the proposed contract is one of three the OCA has negotiated as the result of its most recent Request for Proposals (RFP). The work product of Larkin & Associates, PLLC would include but not be limited to pre-filed written testimony that would be subject to cross-examination at Commission hearings.

RFP Process and Selection

On October 4, 2018, the OCA issued an (RFP) to consulting firms that specialize in providing expert assistance with utility rate cases. The RFP made specific reference to the upcoming Eversource and Liberty rate cases. In light of the breadth of issues likely to arise in those cases, and the OCA's understanding that eligible consulting firms often develop particular expertise in discrete aspects of utility regulation, the RFP reserved the OCA's right to enter into more than one contract in the event a combination of winning bidders provides the best option for obtaining the services that were sought via the RFP.

Nine responses to the OCA were received. Upon reviewing the proposals, the OCA concluded that a combination of winning bidders would indeed provide the best option given that the bidders tended to specialize in either issues related to revenue requirements and issues related to rate design and revenue recovery. Accordingly, the OCA concluded that it would enter into three contracts: two concerning the revenue requirements for each of the utilities and a third focused on rate design and related issues that do not concern revenue requirements. The bids were scored on this basis by the four members of the OCA's professional staff. In connection with revenue requirements issues, the OCA thereby chose

Larkin & Associates, PLLC as the winning bidder based on the combination of expertise, direct experience and competitive price.

Thank you for your consideration. Please do not hesitate to contact me with any questions or concerns.
