EXPLANATION

The purpose of this agreement is to print and scan approximately 45,000 Youth Risk Behavior Surveys completed by New Hampshire high school students and provide the Bureau of Drug and Alcohol Services a clean data set for analysis.

The Youth Risk Behavior Survey (YRBS) was developed and is supported by the Centers for Disease Control and Prevention. It is administered nationally every two years to assess behaviors among youth related to the leading causes of mortality and morbidity among both youth and adults and to assess how these risk behaviors change over time. The Youth Risk Behavior Survey is anonymous and measures behaviors that fall into several categories, including behaviors that result in injuries; alcohol, tobacco, and other drug use; dietary behaviors; and physical activity. In 2010, the New Hampshire Departments of Education and Health and Human Services entered into a Memorandum of Agreement that outlined joint responsibility for the survey in New Hampshire, as well as an option that New Hampshire high schools could choose to administer the survey to their full student body and receive a school-specific report. Schools benefit from having this data by being able to plan more effectively for prevention services and in having local data for use in fundraising activities.

The vendor was selected through a competitive bid process. The Department of Health and Human Services published RFP-15-DHHS-DCBCS-BDAS-02 on the Department's website on August 17, 2014 and republished the Request for Proposals as RFP-15-DHHS-DCBCS-BDAS-05 on September 17, 2014. Two (2) proposals were received and evaluated.

The proposals were evaluated by a team of Department of Health and Human Services employees with knowledge of the program requirements, the Bureau of Drug and Alcohol Services and the New Hampshire Youth Risk Behavior Survey. The team also included staff with significant business and management expertise.

The proposals were evaluated based on the criteria published in the Request for Proposals. The bid summary is attached.

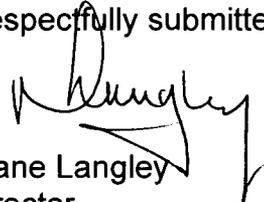

Should the Governor and Executive Council decide not to approve this request, information pertaining to the youth public health risk will be lost, thereby negatively impacting many health research projects, health interventions and policy initiatives on both the state and local levels that depend on the knowledge produced by the surveys.

Area served: Statewide

Source of funds: 52% federal funding
48% General Funding

In the event federal funds no longer become available, no further general funds will be requested to support this request.

Respectfully submitted,

Diane Langley
Director

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

- j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
- k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. - l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Exhibit I

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

(4) Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall promptly notify Business Associate of any changes in, or revocation of permission provided to Covered Entity by individuals whose PHI may be used or disclosed by Business Associate under this Agreement, pursuant to 45 CFR Section 164.506 or 45 CFR Section 164.508.
- c. Covered entity shall promptly notify Business Associate of any restrictions on the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

(6) Miscellaneous

- a. Definitions and Regulatory References. All terms used, but not otherwise defined herein, shall have the same meaning as those terms in the Privacy and Security Rule, amended from time to time. A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.
- b. Amendment. Covered Entity and Business Associate agree to take such action as is necessary to amend the Agreement, from time to time as is necessary for Covered Entity to comply with the changes in the requirements of HIPAA, the Privacy and Security Rule, and applicable federal and state law.
- c. Data Ownership. The Business Associate acknowledges that it has no ownership rights with respect to the PHI provided by or created on behalf of Covered Entity.
- d. Interpretation. The parties agree that any ambiguity in the Agreement shall be resolved to permit Covered Entity to comply with HIPAA, the Privacy and Security Rule.

Exhibit I

- e. Segregation. If any term or condition of this Exhibit I or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this Exhibit I are declared severable.
- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) l, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

Nancy T. Mihevc (Ph.D.) is president of The Research Group. Nancy founded TRG in 1978 after teaching communication studies at the University of Massachusetts. Between 1978 and 1990 she guided TRG's custom designed research for a variety of clients in New England including political candidates, financial institutions, government agencies, educational institutions, retail outlets, real estate developers, media outlets, and non-profit agencies.

In 1990 she joined Matthew Thornton Health Plan as its senior manager of market research where she designed and implemented a series of research studies for both the insurance company and its medical care provider and parent company, The Hitchcock Clinic (THC). In 1993, she moved to the parent company, THC, where she became Senior Scientist attached to Quality Measurement. In 1996 she was promoted to Director of Measures of System Performance.

During her tenure as Director she developed integrated measurement systems used at Dartmouth-Hitchcock Medical Center (DHMC), The Hitchcock Clinic (HC), Lahey Clinic, Southern New Hampshire Regional Medical Center, Cooley Dickinson Hospital, and Matthew Thornton Health Plan. In addition, she developed and implemented the provider specific survey system for nearly 800 medical providers in the HC system, developed and implemented automated reporting systems for research data and developed and taught a "user education" program for users of the integrated measurement system.

In addition to her duties at THC, Nancy led the development of "Gaining Customer Knowledge," a course in the Institute of HealthCare Improvement's series of courses. She team-taught the course with Eugene Nelson of DHMC.

Since her return to The Research Group, she has focused the company's attention on self-administered surveys for a variety of clients including those in health care, personal response systems, and education. Under her leadership the company has expanded the use of a variety of types of scanning systems to allow flexibility of survey design and formatting.

Nancy was educated at The University of Illinois where she received a BA in 1968, and MA in 1969, and a Ph.D. in 1974. She graduated with high honors and received University Fellowships two of her three years in graduate school.
