His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House

### Requested Action

Pursuant to RSA 4:8, authorize the Department of Safety, Division of State Police to accept the donation of four (4) General Mechanics Tool Kits and one (1) Electrical Tool Kit with a value of approximately \$8,149.00 from the Defense Logistics Agency to be used by the Division of State Police. Effective upon Governor and Council approval.

### Explanation

The Department of Safety has been given the opportunity to acquire the above mentioned equipment through the 1033 Program property. The 1033 Program is the transfer of surplus military equipment from the Defense Logistics Agency (DLA) to Law Enforcement. Every state has a 1033 Program which was created to reutilize surplus military equipment that would otherwise be destroyed.

State Police will use one of the four General Mechanics Tool Kits for the Special Weapons and Tactical (SWAT) unit to perform minor maintenance on the SWAT equipment. The second one will be issued to the State Police EOD (Explosives Ordinance Disposal) team to assist in minor repair of the EOD equipment. The third one will be assigned to the State Police K-9 Unit. The fourth kit will be assigned to the State Police EVOC program to assist in minor repairs on EVOC (Emergency Vehicle Operators Course) Equipment. The fifth kit, an Electrical Tool Kit, will be issued to the State Police Aviation unit to perform minor electrical aviation maintenance by the pilots.

Respectfully submitted,
