#### EXPLANATION

These sub grants are funded from the federal STOP Violence Against Women formula grants that New Hampshire receives from the US Department of Justice, Office on Violence Against Women (OVW). The STOP Violence Against Women Program is targeted specifically at deterring crimes involving violence against women and aiding the victims of those crimes. A statutory requirement of the VAWA grant program is that agencies representing law enforcement will be allocated at least 25% of the award; prosecution will be allocated at least 25% of the award; victim services will be allocated at least 30% of the award, with at least 10% of that to be distributed to culturally specific community-based services; and the courts are to be allocated at least 5% of the grant award.

An open solicitation for this funding cycle was posted on the NH Department of Justice website in November of 2013. The sub grant recipients selected for funding have all been awarded previous VAWA awards from this office. Each had been previously selected through a competitive bid process and, collectively, they now represent our core service providers for the State of New Hampshire in the area of violence against women related services. As core service providers, these organizations have been selected to maximize the delivery of services throughout the State and will allow the funded organizations to continue providing the vital services that New Hampshire's citizens have come to rely on while meeting the funding percentages that the federal program office requires. Should New Hampshire's VAWA funding increase, we will re-initiate a competitive bid process in order to increase our available services statewide, factoring in geographic diversity and compliance with federal percentage requirements.

Specific activities being performed through the awarding of these funds include: specially trained domestic violence (DV) and sexual assault prosecutors in six county attorney's offices, victim advocate positions in police departments and in county attorneys' offices, supervised visitation and exchange center staff, funding to support staff positions for two DV Units in our largest police departments, a specially trained DV Investigative officer at the Plymouth State University and at the Franklin Police Department, continuation of emergency legal services to victims, a SART Coordinator

position, a multi-discipline statewide training conference on domestic and sexual violence, stalking and dating violence, culturally specific advocates to work with underserved immigrant and refugee populations, a coordinator to facilitate services between DCYF and crisis centers for battered women and their children, a highly trained coordinator for the Sexual Assault Nurse Examiner program, and funding to support staff positions at the Sexual Assault Support Services agency in Portsmouth. The court allocation supports the DV Court Specialist position.

The vast majority of the above VAWA funded projects support the retention of staff at these organizations. These projects are funded one hundred percent (100%) by federal dollars. In the event that federal funds become no longer available, general funds will not be requested to support these programs.

Please let me know if you have any questions concerning this request.

Your consideration is greatly appreciated.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Joseph A. Foster".

for Joseph A. Foster  
Attorney General
