EXPLANATION

The Drinking Water and Groundwater Trust Fund was created in 2016 using MtBE using \$276 million of MtBE trial judgement funds, as authorized by RSA 485-F. The purpose of the Trust Fund is to provide sustainable, long-term funding for the protection, preservation, and enhancement of the drinking water and groundwater resources of the state. The Drinking Water and Groundwater Advisory Commission was established to administer the Trust Fund and to provide guidance to the State on the use of the Trust Fund.

On December 9, 2019, the Advisory Commission voted to authorize \$100,000 as a grant to the Sanbornville Water Precinct for payment for project work associated with evaluating a new drinking water supply well. The project includes planning, test drilling, water quality testing and a summary report. In the event that grant funds no longer become available, General funds will not be requested to support this program. This agreement has been approved by the Attorney General's Office as to form, substance and execution.

We respectfully request your approval of this item.

11.2.3 set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and

11.2.4 treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

12. **TERMINATION.**
