INFORMATIONAL ITEM

Attached for your information is a report containing a list of vendors that agencies have contracted with for the period of April 1, 2018 through June 30, 2018.

When the Governor and Council previously approved the increase to a \$10,000 limit for personal service contracts and a \$25,000 limit for other service contracts in September 2014 it was agreed that the Department of Administrative Services would report on those contracts entered into by agencies that are under the revised limits on a quarterly basis.

There are two reports. One which is sorted by State agency and then by vendor to enable the reader to identify which agency has contracted with individual vendors, and the second report, with the same detail, sorted alphabetically by vendor name.

Governor and Council approved Item #157 on June 6, 2018, which amended MOP 150 "Governor and Executive Council Actions", by establishing a single threshold of \$10,000 for contracts, grants, memorandum of understanding, leases, license agreements, and use of premise agreements, beginning July 1 2018. Effective with the first quarterly report for FY 2019, the details which we will provide will be based on the new threshold.

Respectfully submitted,

Charles M. Arlinghaus
Commissioner
