DEPARTMENT OF SAFETY
OFFICE OF THE COMMISSIONER
33 HAZEN DR. CONCORD, NH 03305

JOHN J. BARTHELMES
COMMISSIONER

October 30, 2018

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

Requested Action

Pursuant to RSA 21-P:43, authorize the New Hampshire Department of Safety to enter into a grant agreement with the Department of Fish and Game (vendor code 177911, B001) in the amount of \$13,819.50 to purchase equipment for use by the dive team. Effective upon Governor and Council approval through the August 31, 2021. Funding source: 100% Federal Funds.

Funds are available in the SFY 2019 operating budget as follows with the Federal award scheduled to end August 31, 2021.

02-23-23-231010-11180000	Dept. of Safety – Office of the Commissioner – Homeland State Agency Grants	<u>SFY2019</u>
072-0576	23HS18SHST Grants to Other State Agencies-Federal	\$13,819.50

Explanation

This State Agency award is funded as part of the 2018 Department of Homeland Security Grant Program under the State Homeland Security Program (SHSP) portion of the allocation to purchase Scuba Pro G2C Dive Computers. As the State's only dive team, New Hampshire Fish and Game is capable of conducting underwater dive operations in an "all-hazards" homeland security capacity upon request. This equipment will allow the team to remain subsurface for longer periods of time while at the same time increasing the level of safety for the divers while they search. This equipment is critical in many of New Hampshire bodies of water that present a myriad of hazards, such as depths of 100+ feet; strong currents; limited to zero visibility; ice cover during winter; and chemical, biological, radiological, nuclear and explosive materials (CBRNE) hazards.

Highway Funds or General Funds will not be used should Federal Funds become unavailable.

Respectfully submitted,

 John J. Barthelmes
 Commissioner of Safety

Re: 2018 State Agency Homeland Security Grant Award (SCUBAPRO G2C Dive Computers)

Dear Ms. Urban-Morin:

This letter is in response to your letter dated September 18, 2018, which informed Director Normandeau of the New Hampshire Fish and Game Department's approval to receive a 2018 State Agency Homeland Security Grant Award. Thank You!

As specified, the grant award will be used to acquire SCUBAPRO G2C Dive Computers to enhance the Department's state-wide Search and Rescue role and Homeland Security mission. Pursuant to your letter, we have reviewed the grant terms and conditions, special conditions and FFATA form. These documents have been completed and signed/initialed and are enclosed for your review.

Regarding the "Explanation for IT Items or Services" form, included with the above referenced documents, we do not believe this form is applicable to this project. Dive computers are not "computers" in the traditional sense; they are more like digital "trip and fuel" gauges found in any modern automobile. This equipment is not email or internet compatible and will not be supported or serviced by DoIT; any hardware or software needs will go through the vendor.

Your assistance is greatly appreciated and I look forward to working with you on this matter. Please do not hesitate to contact me if there are any questions or if more information is required.

Sincerely,

Major James S. Juneau
Assistant Chief of Law Enforcement

Reporting Requirement: Typing of Equipment and Training:

Ongoing HSGP Guidance, FOA, and NOFAs require that all where applicable grantees report equipment purchases and the typed capability the equipment supports (where such typing guidance exists); the number of people trained in a given capability to support a reported number of defined resource typed teams (e.g., 63 responders were trained in structural collapse to support 23 Type 2 USAR Teams); and the total number of a defined type of resource and capabilities built utilizing the resources of this grant. Grantees will specify the number of resources, capability supported, whether it is a NIMS or State/local typed resource, the cost, and whether the resource sustains current capabilities or adds new capabilities. The resources should be reported only after equipment is delivered or after training has occurred and the corresponding grant funds have been expended. GMU will advise further on format for reporting upon grant award.

As a condition of the receipt of these funds:

Funding may be suspended or terminated for filing a false certification in this application or other reports or document as part of this program.

Tracking of Equipment:

Upkeep, maintenance, and training of and for equipment procured as part of the Homeland Security grant program is a local and/or grantee responsibility. The inventory of this equipment is a local responsibility and the recipient of such understands that inspections, auditing, and inventory accounting of this equipment may occur as a condition of this grant either from Federal, State or other appropriate level agency and agent.

Equipment valued over \$5,000:

The disposition of the equipment must be reported. DOS recommends consulting with local auditor's compliance and disposition rules governing equipment procured with Federal funds.
