

Victoria F. Sheehan
Commissioner

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

William Cass, P.E.
Assistant Commissioner

SEM
16

Bureau of Construction
October 17, 2017

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Alvin J. Coleman & Son, Inc. (Vendor 154411) of Conway, NH on the basis of a low bid of \$356,656.00 for removal of a deteriorated 84”w x 60”h corrugated metal arch culvert which carries an unnamed stream under NH Route 11 and installation of a 103”w x 71”h polymer coated corrugated metal pipe arch, from the date of Governor and Council approval through August 24, 2018 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available as follows:	<u>FY 2018</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$356,656.00

2. Further authorize that a contingency in the amount of \$17,832.80 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Funding is available as follows:	<u>FY 2018</u>
04-96-96-963515-3054	
Consolidated Federal Aid	
400-500870 Highway Contract Payments	\$17,832.80

EXPLANATION

This project is part of the State’s Ten Year Transportation Improvement Plan, under the Culvert Replacement/Rehabilitation and Drainage Repair Program (CRDR). This project is located approximately 1.5 miles west of the Spaulding Turnpike, just east of Mile Marker 102.8, between the Tractor Supply Store and Wal-Mart Store driveways. Project work includes removal of a deteriorated 84”w x 60”h corrugated metal arch culvert which carries an unnamed stream under NH Route 11 and installation of a 103”w x 71”h polymer coated corrugated metal pipe arch approximately 5-feet east of the existing culvert. Additionally, a 36” reinforced concrete pipe will be constructed alongside the new culvert, serving as a wildlife crossing during low flow periods.

The existing 84" w x 60" h corrugated metal arch culvert (C078/070) was constructed in 1958. Based on a 2011 NHDOT culvert inspection report the culvert has significant structural deterioration of the invert. Constructing a new 103" w x 71" h polymer coated corrugated metal arch culvert and 36" R.C. Pipe will improve wildlife migration and hydraulics.

The proposed contingency amount is 5% of the contract amount. This is to account for field adjustments needed to control erosion during and after pipe construction. Adjustments may also result from variable subsurface conditions encountered during the installation of the new culverts.

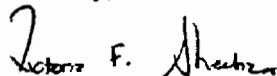

Although the bid costs exceeded the Department's estimate by 10% (\$32,750.18), the low bid is felt to be reasonable for the work involved. The items contributed to this difference were bid fairly consistent across all bidders. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% federal funds with 20% state match. Turnpike toll credit is being utilized for match requirements, effectively using 100% federal funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan
Commissioner

VFS/md

Department Estimate: \$323,905.50

Contract Amount: \$356,656.00

Over Estimate: \$ 32,750.50

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project is located approximately 1.5 miles west of the Spaulding Turnpike, just east of Mile Marker 102.8, between the Tractor Supply Store and Wal-Mart Store driveways. Project work includes removal of a deteriorated 84" w x 60" h corrugated metal arch culvert which carries an unnamed stream under NH Route 11 and installation of a 103" w x 71" h polymer coated corrugated metal pipe arch approximately 5-feet east of the existing culvert. Additionally, a 36" reinforced concrete pipe will be constructed alongside the new culvert, serving as a wildlife crossing during low flow periods.

FEDERAL FUNDING: 80% Federal (CRDR), 20% State Turnpike Toll Credits.

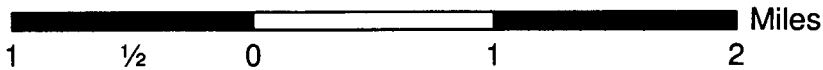

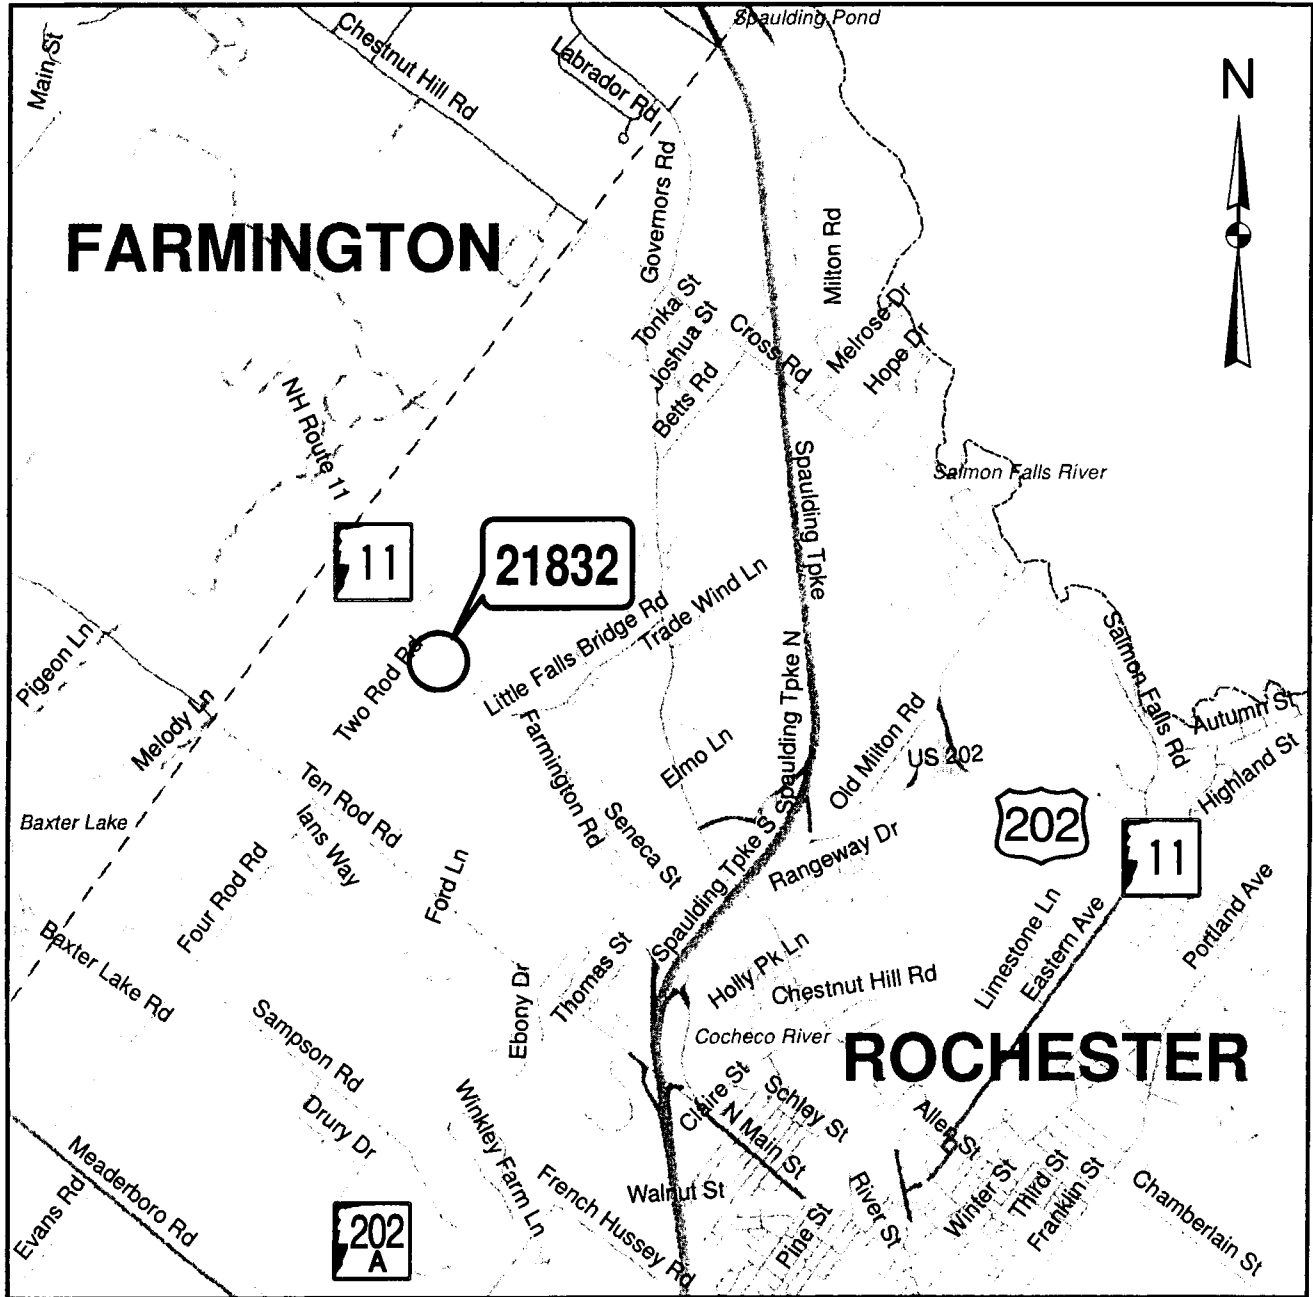

CONTINGENCY: The proposed contingency amount is 5% of the contract amount. This is to account for field adjustments needed to control erosion during and after pipe construction. Adjustments may also result from variable subsurface conditions encountered during the installation of the new culverts.

PROJECT INITIATED: State Ten Year Plan under the Culvert Replacement/Rehabilitation and Drainage Repairs (CRDR) Program.

PROJECT EXPLANATION: The existing 84" w x 60" h corrugated metal arch culvert (C078/070) was constructed in 1958. Based on a 2011 NHDOT culvert inspection report the culvert has significant structural deterioration of the invert. Constructing a new 103" w x 71" h polymer coated corrugated metal arch culvert and 36" R.C. Pipe will improve wildlife migration and hydraulics.

TRAFFIC IMPLICATION: Construction activities will require temporary lane closures and short term use of one lane, alternating two-way traffic controlled by flaggers. During non-construction hours traffic will be returned to two-way traffic. Daytime shoulder closures will also be permitted. Portable changeable message signs will be used for advance notice of construction activities for the temporary lane closures.

FINAL COMPLETION DATE: August 24, 2018.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)

10/4/2017

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)

10/18/2017

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
