Total	\$0.00	\$250,000,000	\$752,543,000	\$1,002,543,000

EXPLANATION

The purpose of this amendment is to **retroactively** amend the existing agreements with the two health plans to provide health coverage to the new adult population that will be served under the New Hampshire Health Protection Program, effective September 1, 2014. This amendment also amends capitation rates for the currently eligible population, effective July 1, 2014. This latter purpose results to no change to the contract price limitation. The original agreements with Granite State Health Plan and Boston Medical Center Health Net Plan approved by the Governor and Executive Council on May 9, 2012, allow for such amendments. The original agreements were competitively bid.

These amendments reflect updated scope of services in Exhibit A; adjusted rate information for SFY 2015 for services and a fee schedule in Exhibit B; an updated Exhibit O, which outlines quality and oversight reporting requirements relative to the new adult population and Exhibit P, which documents the new substance use disorder services that are required to be provided to the new adult group as part of the Essential Health Benefits under the Patient Protection and Affordable Care Act.

Similar to contract Amendment 4, which was approved by the Governor and Council on June 18, 2014, specialty services for the long term care population, including nursing home services and services for the developmentally disabled are not incorporated into the scope of services provided by these vendors, pending the stakeholder engagement process. Future amendments to this contract are anticipated to incorporate the long term care services.

The first amendment approved by Governor and Executive Council on June 19, 2013 was a zero cost amendment that updated and adjusted rate information as well as made clarifications and adjustments to Exhibit A and Exhibit O.

The original price limitation for SFY 2014 of \$900,000,000 was reduced in the second amendment approved by the Governor and Executive Council on February 12, 2014 to reflect seven months of coverage (December 1, 2013 through June 30, 2014).

The third amendment approved by the Governor and Executive Council on April 9, 2014 increased the SFY 2014 price limitation by \$10,363,689 to \$250,000,000 to assure contract resources were adequate to cover the remainder of the contract period.

The fourth amendment approved by the Governor and Executive Council on June 18, 2014, reduced the SFY 2015 price limitation by \$485,000,000 to \$460,000,000 to reflect the annual actuarially certified rate structure and adjustments to the scope of services.

A scanned copy of this item, including the G&C letters and accompanying documentation from the original agreement and subsequent amendments will be available online once posted to the meeting agenda for the Governor and Executive Council.

Should Governor and Council determine to not approve this request, the new adult population up to 138% of the federal poverty level would not be provided health coverage under the New Hampshire Health Protection Program.

Performance measures, including but not limited to the following will be used to evaluate these agreements.

- Access Standards, including, but not limited to: provider network, geographic distance, timely access to services and access to special services;
- Quality Performance Incentives focused on four areas: Timeliness of Prenatal Care, Follow-Up After Hospitalization for Mental Illness, Parental Satisfaction With Children Getting Appointments for Care and Satisfaction with Getting Appointments for Care; and
- Claims Payment and Processing Accuracy.

Area served: Statewide.

Source of funds:

Federal financial participation rates range from 50% to 100%. Average funding sources are estimated to be as follows:

Currently eligible population (Step 1): 50.5% Federal Funds and 49.5% General Funds

New Hampshire Health Protection Program: 100% Federal Funds as appropriated by Congress for the entire period of this Amendment.

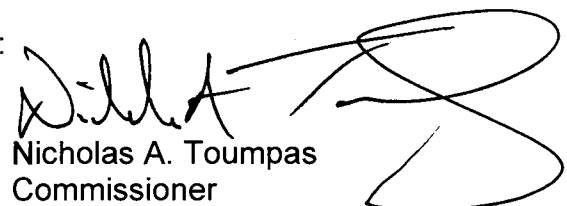

In the event that Federal funds become no longer available or are decreased below the 100% FFP level, as provided under the New Hampshire Health Protection Act, General Funds will not be requested to support this program and the medical services for the new adult population would end within 90 days.

Respectfully submitted,

for Kathleen A. Dunn, MPH
Associate Commissioner

Those funds recovered by DHHS under the scope of these "Other Resources" shall be retained by DHHS.

26.5.3. DHHS may pursue, collect and retain recoveries of all health-related insurance cases; provided, however, that if the MCO has not notified DHHS of its intent to pursue a case identified for recovery before the latter of eighteen (18) months after the date of service or twelve (12) months after the date of payment, such cases not identified for recovery by the MCO will become the sole and exclusive right of DHHS to pursue, collect and retain. The MCO must notify DHHS through the prescribed electronic file process of all outcomes for those cases identified for pursuit by the MCO.

26.5.4. Should DHHS lose recovery rights to any Claim due to late or untimely filing of a Claim with the liable third party, and the untimeliness in billing that specific Claim is directly related to untimely submission of Encounter Data or additional records under special request, or inappropriate denial of Claims for accidents or emergency care in casualty related situations, the amount of the unrecoverable Claim shall be assessed against the MCO.

 - 30.2.4.2. A CDPS + Rx risk score will be developed for members with six (6) months or more of data (either FFS or managed care). For members with less than six (6) months data, a score equal to the average of those beneficiaries with scores in each cohort (i.e., the MCO-specific average or the FFS average) will be used.
 - 30.2.4.3. CDPS + Rx risk scores and age/gender scores will be updated annually.
 - 30.2.4.4. Age/gender scores are based upon the average score of individuals in the rate cell that the member has been assigned to.
- 30.2.5. The MCO adjusted Risk Factor will be set to 1.00 for payments in the first quarter of the first year. The most current available month's enrollment will be used to establish the MCO Adjusted Risk Factor at the beginning of each of the following three quarters.
- 30.2.6. The capitation payment for Step 1 members will be made retrospectively with a two (2) month delay. For example, a payment will be made within five (5) business days of the first day in October 2012 for services provided in July 2012. DHHS will consider reducing the delay in payment from a two (2) to a one (1) month retrospective delay in SFY 2016.

- 30.2.8. Capitation payment settlements will be made at three (3) month intervals. DHHS will recover capitation payments made for deceased members, or members who were later determined to be ineligible for Medicaid and/or for Medicaid managed care.
- 30.2.9. Capitation payments for members who became ineligible for services in the middle of the month will be prorated based on the number of days eligible in the month.

-
- 30.2.10. For each live birth, DHHS will make a one-time maternity kick payment to the MCO with whom the mother is enrolled on the date of birth. This payment is a global fee to cover all maternity expenses, including all delivery and postpartum care. In the event of a multiple birth DHHS will only make only one maternity kick payment. A live birth is defined in accordance with NH Vital Records reporting requirements for live births as specified in RSA 5-C.
 - 30.2.11. For each live birth, DHHS will make a one-time newborn kick payment to the MCO with whom the mother is enrolled on the date of birth. This payment is a global fee to cover all newborn expenses incurred in the first two (2) months of life, including all hospital, professional, pharmacy, and other services. For example, the newborn kick payment will cover all services provided in July 2012 and August 2012 for a baby born any time in July 2012. Enrolled babies will be covered under the MCO capitated rates thereafter.
 - 30.2.12. The MCO shall submit information on maternity and newborn events to DHHS. The MCO shall follow written policies and procedures, as developed by DHHS, for receiving, processing and reconciling maternity payments.
 - 30.2.13. Beginning July 1, 2015, one percent (1.0%) of each member's capitation payment to the MCO will be withheld annually to support DHHS's payment reform incentive program. Details of the Incentive Program are described in Section 9.
 - 30.2.14. DHHS will inform the MCO of any required program revisions or additions in a timely manner. DHHS may adjust the rates to reflect these changes as necessary to maintain actuarial soundness.
 - 30.2.15. In the event an enrolled Medicaid member was previously admitted as a hospital inpatient and is receiving continued inpatient hospital services on the first day of coverage with the MCO, the MCO shall receive full capitation payment for that member. The entity responsible for coverage of the member at the time of admission as an inpatient, i.e. either DHHS or another MCO, shall be fully responsible for all inpatient care services and all related services authorized while the member was an inpatient until the day of discharge from the hospital.

30.3. NHHPP Risk Protection Structure

- 30.3.1. DHHS will implement risk adjustment and risk corridors for NHHPP. There will be two parts to the risk adjustment component. Part 1 will increase or decrease the total amount of MCO revenue for the actual opt out percentage and relative acuity level of the medically frail population compared to the rate setting assumptions. Part 2 will reallocate revenue between the MCOs based on the relative acuity level of their enrolled populations. Risk corridors will be applied after the Part 1 and Part 2 risk adjustment calculations.
 - 30.3.1.1. Risk adjustment – Part 1 (Medically Frail Opt-Out Adjustment) – the NHHPP capitation rates are based on assumptions regarding the percentage of the NHHPP population opting out of the ABP due to self-reported medically frail status and their relative acuity level. As part of the contract

settlement process, DHHS will measure the size based on member months and relative acuity level based on risk scores of the actual opt-out population and adjust NHHPP capitation rates appropriately. Part 1 of risk adjustment will increase (or decrease) the total amount of MCO revenue. If a lower percentage of the population opts out and/or the opt-out acuity level is lower than expected based on the opt-out and acuity assumptions in the capitation rate development, MCO capitation rates will increase. If a larger percentage of the population opts out and/or the opt-out acuity level is higher than expected based on the opt-out and acuity assumptions in the capitation rate development, MCO capitation rates will decrease.

- 30.3.1.2. Risk adjustment – Part 2 (MCO Revenue Reallocation) – Similar to the risk adjustment process for the current Medicaid Step 1 population under the MCM program, risk adjustment will shift revenue from MCOs with lower acuity populations to MCOs with higher acuity populations. This portion of the risk adjustment process is revenue neutral.
- 30.3.2. Risk adjustment – Methodology – Acuity will be measured using the CDPS+Rx, a diagnosis and pharmacy based risk adjuster that will also be used for the current Medicaid population. Key differences in the risk adjustment process for the NHHPP population include:
 - 30.3.2.1. DHHS will use concurrent risk adjustment for the NHHPP population. Since the NHHPP population will not have a Medicaid claims history with diagnosis and pharmacy data, it will take six months or more to get a credible picture of the acuity level of the enrolled population. DHHS will use September 2014 – December 2015 claims to estimate September 2014 – December 2015 acuity (as opposed to prospective models that use a prior year’s claims to estimate current acuity).
 - 30.3.2.2. Risk adjustment transfer payments will be made as part of the contract period settlement, not as prospective payments.
 - 30.3.2.3. DHHS will use a pharmacy-only risk adjuster to monitor the actual population acuity of the population receiving the ABP compared to the rate setting assumptions and make corrections during the rate period if necessary.
- 30.3.3. Risk corridors – The private market risk corridor program for calendar years 2014 – 2016 will protect against uncertainty in annual profit or loss results for qualified health plans in and out of the individual and small group exchanges. DHHS will use a similar risk corridor structure for NHHPP. DHHS will establish a target medical loss ratio (MLR) of 89.0% based on NHHPP pricing assumptions:
 - 30.3.3.1. Administrative allowance of 9.0% of the capitation rate prior to state premium tax
 - 30.3.3.2. New Hampshire state premium tax of 2%
 - 30.3.3.3. DHHS and each MCO will share the financial risk of actual results that are above or below the MLR target as shown in the table below:

New Hampshire Department of Health and Human Services
New Hampshire Health Protection Program Population
Risk Corridor Program

Actual MLR Compared to Target MLR	MCO Share	DHHS Share
>3% below	10%	90%
1% - 3% below	50%	50%
1% below - 1% above	100%	0%
1% - 3% above	50%	50%
>3% above	10%	90%

30.3.3.4. Risk corridors will be applied after the Part 1 and Part 2 risk adjustment calculations.

30.3.4. Risk protection settlement will occur after the September 2014 – December 2015 NHHPP contract period has ended and enough time has passed to collect and validate MCO encounter data and financial data. DHHS will implement the following schedule for the final risk protection settlement:

- 30.3.4.1. December 31, 2015: end of NHHPP contract period
- 30.3.4.2. March 31, 2016: Cutoff date for encounter data to be used in the risk protection settlement calculations (September 2014 – December 2015 dates of service paid through March 31, 2016)
- 30.3.4.3. May 15, 2016: DHHS releases settlement payment report to MCOs
- 30.3.4.4. June 15, 2016: DHHS makes/receives final settlement payments to/from MCOs
- 30.3.4.5. An interim calculation will be performed with data through June 30, 2015.

30.4. Financial Responsibility for Dual-Eligibles

30.4.1. The MCO shall pay any Medicare coinsurance and deductible amount up to what New Hampshire Medicaid would have paid for that service, whether or not the Medicare provider is included in the MCO’s provider network. These payments are included in the calculated capitation payment.

30.5. Premium Payments

30.5.1. DHHS is responsible for collection of any premium payments from members. If the MCO inadvertently receives premium payments from members, it shall inform the member and forward the payment to DHHS.

30.6.Sanctions

30.6.1.If the MCO fails to comply with the financial requirements in section 30, DHHS may take any or all of the following actions:

30.6.1.1. Require the MCO to submit and implement a Corrective Action Plan

30.6.1.2. Suspend enrollment of members to the MCO after the effective date of sanction

30.6.1.3. Terminate the Agreement upon 45 days written notice

30.6.1.4. Apply liquidated damages according to Section 33

30.7.Medical Cost Accruals

30.7.1.The MCO shall establish and maintain an actuarially sound process to estimate Incurred But Not Reported (IBNR) claims.

30.8.Audits

30.8.1.The MCO shall allow DHHS and/or the NHID to inspect and audit any of the financial records of the MCO and its subcontractors. There shall be no restrictions on the right of the State or federal government to conduct whatever inspections and audits are necessary to assure quality, appropriateness or timeliness of services and reasonableness of their costs [42 CFR 438.6(g), SMM 2087.7; 42 CFR 434.6(a)(5)].

30.8.2.The MCO shall file annual and interim financial statements in accordance with the standards set forth below. This Section 29.7.3 will supersede any conflicting requirements in Exhibit C of this Agreement.

30.8.3.Within one hundred and eighty (180) calendar days or other mutually agreed upon date following the end of each calendar year during this Agreement, the MCO shall file, in the form and content prescribed by the National Association of Insurance Commissioners (“NAIC”), annual audited financial statements that have been audited by an independent Certified Public Accountant. Financial statements shall be submitted in either paper format or electronic format, provided that all electronic submissions shall be in PDF format or another read-only format that maintains the documents’ security and integrity.

30.8.4.The MCO shall also file, within seventy-five (75) days following the end of each calendar year, certified copies of the annual statement and reports as prescribed and adopted by the Insurance Department.

30.8.5.The MCO shall file within sixty (60) days following the end of each calendar quarter, quarterly financial reports in form and content as prescribed by the NAIC.

30.9.Member Liability

30.9.1.The MCO shall not hold its Medicaid members liable for:

30.9.1.1. The MCO’s debts, in the event of the MCO’s insolvency [42 CFR 438.116(a); SMM 2086.6];

- 30.9.1.2. The covered services provided to the member, for which the State does not pay the MCO;
- 30.9.1.3. The covered services provided to the member, for which the State, or the MCO does not pay the individual or health care provider that furnishes the services under a contractual, referral, or other arrangement; or
- 30.9.1.4. Payments for covered services furnished under an Agreement, referral, or other arrangement, to the extent that those payments are in excess of the amount that the member would owe if the MCO provided those services directly [§1932(b)(6) of the SSA; 42 CFR 438.106(a), (b) and (c); 42 CFR 438.6(l); 42 CFR 438.230; 42 CFR 438.204(a); SMD letter 12/30/97].
- 30.9.2. Subcontractors and referral providers may not bill members any amount greater than would be owed if the entity provided the services directly [§1932(b)(6) of the SSA; 42 CFR 438.106(c); 42 CFR 438.6(l); 42 CFR 438.230; 42 CFR 438.204(a); SMD letter 12/30/97].
- 30.9.3. The MCO shall cover continuation of services to members for duration of period for which payment has been made, as well as for inpatient admissions up until discharge during insolvency [SMM 2086.6B].

30.10. Denial of Payment

- 30.10.1. Payments provided for under the Agreement will be denied for new members when, and for so long as, payment for those members is denied by CMS in accordance with the requirements in [§1903(m)(5)(B)(ii) of the SSA; 42 CFR 438.726(b); 42 CFR 438.730(e)].

30.11. Federal Matching Funds

- 30.11.1. Federal matching funds are not available for amounts expended for providers excluded by Medicare, Medicaid, or Children’s Health Insurance Program (CHIP), except for emergency services [42 CFR 431.55(h) and 42 CFR 438.808; 1128(b)(8) and §1903(i)(2) of the SSA; SMD letter 12/30/97]. Payments made to such providers are subject to recoupment from the MCO by DHHS.

31. Termination

31.1. Transition Assistance

Upon receipt of notice of termination of this Agreement by DHHS, the MCO shall provide any transition assistance reasonably necessary to enable DHHS or its designee to effectively close out this Agreement and move the work to another vendor or to perform the work itself.

31.1.1. Transition Plan

31.1.1.1. MCO must prepare a Transition Plan which is acceptable to and approved by DHHS to be implemented between receipt of notice and the termination date.

31.1.2. Data

31.1.2.1. The MCO shall be responsible for the provision of necessary information and records, whether a part of the MCIS or compiled and/or stored elsewhere, to DHHS and/or its designee during the closeout period to ensure a smooth transition of responsibility. DHHS and/or its designee shall define the information required during this period and the time frames for submission.

31.1.2.2. All data and information provided by the MCO shall be accompanied by letters, signed by the responsible authority, certifying to the accuracy and completeness of the materials supplied. The MCO shall transmit the information and records required within the time frames required by DHHS. DHHS shall have the right, in its sole discretion, to require updates to these data at regular intervals.

31.2. Service Authorization

31.2.1. Effective fourteen (14) calendar days prior to the last day of the closeout period, the MCO shall work cooperatively with DHHS and/or its designee to process service authorization requests received. The MCO shall be financially responsible for approved requests when the service is provided on or before the last day of the closeout period or if the service is provided through the date of discharge or thirty-one (31) days after the cancellation or termination of this Agreement for members who remain hospitalized after the last day of the transition period. Disputes between the MCO and DHHS and/or its designee regarding service authorizations shall be resolved by DHHS.

31.2.2. The MCO shall give notice on the date that the timeframes expire when service authorization decisions not reached within the timeframes for either standard or expedited service authorizations. Untimely service authorizations constitute a denial and are thus adverse actions [42 CFR 438.404(c)(5)].

31.3.Termination for Cause

- 31.3.1.DHHS shall have the right to terminate this Agreement, without liability to the State, in whole or in part if the MCO [42 CFR 438.610(c)(3); 42 CFR 434.6(a)(6)]:
- 31.3.1.1. Takes any action or fails to prevent an action that threatens the health, safety or welfare of any member, including significant marketing abuses;
 - 31.3.1.2. Takes any action that threatens the fiscal integrity of the Medicaid program;
 - 31.3.1.3. Has its certification suspended or revoked by any federal agency and/or is federally debarred or excluded from federal procurement and/or non-procurement Agreement;
 - 31.3.1.4. Materially breaches this Agreement or fails to comply with any term or condition of this Agreement that is not cured within twenty (20) business days of DHHS’ notice and written request for compliance;
 - 31.3.1.5. Violates state or federal law or regulation;
 - 31.3.1.6. Fails to carry out the substantive terms of this Agreement that is not cured within twenty (20) business days of DHHS’s notice and written request for compliance;
 - 31.3.1.7. Becomes insolvent;
 - 31.3.1.8. Fails to meet applicable requirements in sections §1932, §1903 (m) and §1905(t) of the SSA [42 CFR 438.708]. In the event of a termination by DHHS pursuant to 42 CFR 438.708, DHHS shall provide the MCO with a pre-termination hearing in accordance with 42 CFR 438.710;
 - 31.3.1.9. Received a “going concern” finding in an annual financial report or indications that creditors are unwilling or unable to continue to provide goods, services or financing or any other indication of insolvency; or
 - 31.3.1.10. Brings a proceeding voluntarily, or has a proceeding brought against it involuntarily, under the Bankruptcy Act.
 - 31.3.1.11. Fails to correct significant failures in carrying out the substantive terms of this Agreement that is not cured within twenty (20) business days of DHHS’s notice and written request for compliance.
- 31.3.2.If DHHS terminates this Agreement for cause, the MCO shall be responsible to DHHS for all reasonable costs incurred by DHHS, the State of New Hampshire, or any of its administrative agencies to replace the MCO. These costs include, but are not limited to, the costs of procuring a substitute vendor and the cost of any claim or litigation that is reasonable attributable to the MCO’s failure to perform any service in accordance with the terms of this Agreement.

31.4. Termination for Other Reasons

- 31.4.1. Either party may terminate this Agreement upon a breach by a party of any material duty or obligation hereunder which breach continues unremedied for sixty (60) days after written notice thereof by the other party.
- 31.4.2. In the event the MCO gives written notice that it does not accept the actuarially sound capitation rates established by DHHS for Year 2 or later of the program, the MCO and DHHS will have 30 days from the date of such notice or 30 days from the expiration of the rates indicated in Exhibit B, whichever comes later, to attempt to resolve the matter without terminating the agreement. If no resolution is reached in the above 30 day period, then the contract will terminate 90 days thereafter, or at the time that all members have been disenrolled from the MCO's plan, whichever date is earlier. In the event of such termination, the MCO shall accept the lesser of the most recently agreed to capitation rates or the new annual capitation rate for each rating category as payment in full for Covered Services and all other services required under this Agreement delivered to Members until all Members have been disenrolled from the MCO's plan consistent with any mutually agreed upon transition plans to protect Members.

31.5. Survival of Terms

Termination or expiration of this Contract for any reason will not release either Party from any liabilities or obligations set forth in this Contract that:

- 31.5.1. The Parties have expressly agreed shall survive any such termination or expiration;
or
- 31.5.2. Arose prior to the effective date of termination and remain to be performed or by their nature would be intended to be applicable following any such termination or expiration.

31.6. Notice of Hearing

Except because of change in circumstances or in the event DHHS terminates this Agreement pursuant to subsections (1), (2), (3) or (10) of Section 31.3.1, DHHS shall give the MCO ninety (90) days advance, written notice of termination of this Agreement and shall provide the MCO with an opportunity to protest said termination and/or request an informal hearing in accordance with 42 CFR 438.710. This notice shall specify the applicable provisions of this Agreement and the effective date of termination, which shall not be less than will permit an orderly disenrollment of members to the Medicaid FFS program or transfer to another MCO.

32. Agreement Closeout

32.1. Period

32.1.1. A closeout period shall begin one-hundred twenty (120) calendar days prior to the last day the MCO is responsible for coverage of specific beneficiary groups or operating under this Agreement. During the closeout period, the MCO shall work cooperatively with, and supply program information to, any subsequent MCO and DHHS. Both the program information and the working relationships between the two MCOs shall be defined by DHHS.

32.2. Data

32.2.1. The MCO shall be responsible for the provision of necessary information and records, whether a part of the MCIS or compiled and/or stored elsewhere, to the new MCO and/or DHHS during the closeout period to ensure a smooth transition of responsibility. The new MCO and/or DHHS shall define the information required during this period and the time frames for submission.

32.2.2. All data and information provided by the MCO shall be accompanied by letters, signed by the responsible authority, certifying to the accuracy and completeness of the materials supplied. The MCO shall transmit the information and records required under this Article within the time frames required by DHHS. DHHS shall have the right, in its sole discretion, to require updates to these data at regular intervals.

32.3. Service Authorizations

32.3.1. Effective 14 calendar days prior to the last day of the closeout period, the MCO shall work cooperatively with the new MCO to process service authorization requests received. The MCO shall be financially responsible for approved requests when the service is provided on or before the last day of the closeout period or if the service is provided through the date of discharge or thirty-one (31) days after the cancellation or termination of this Agreement for members who remain hospitalized after the last day of the transition period. Disputes between the MCO and the new MCO regarding service authorizations shall be resolved by DHHS.

32.3.2. The MCO shall give notice on the date that the timeframes expire when service authorization decisions not reached within the timeframes for either standard or expedited service authorizations. Untimely service authorizations constitute a denial and are thus adverse actions [42 CFR 438.404(c)(5)].

33. Remedies

33.1. Reservation of Rights and Remedies

33.1.1. A material default or breach in this Agreement will cause irreparable injury to DHHS. In the event of any claim for default or breach of this Agreement, no provision of this Agreement shall be construed, expressly or by implication, as a waiver by the State of New Hampshire to any existing or future right or remedy available by law. Failure of the State of New Hampshire to insist upon the strict performance of any term or condition of this Agreement or to exercise or delay the exercise of any right or remedy provided in the Agreement or by law, or the acceptance of (or payment for) materials, equipment or services, shall not release the MCO from any responsibilities or obligations imposed by this Agreement or by law, and shall not be deemed a waiver of any right of the State of New Hampshire to insist upon the strict performance of this Agreement. In addition to any other remedies that may be available for default or breach of the Agreement, in equity or otherwise, DHHS may seek injunctive relief against any threatened or actual breach of this Agreement without the necessity of proving actual damages. DHHS reserves the right to recover any or all administrative costs incurred in the performance of this Agreement during or as a result of any threatened or actual breach.

33.2. Liquidated Damages

- 33.2.1. DHHS and the MCO agree that it will be extremely impracticable and difficult to determine actual damages that DHHS will sustain in the event the MCO fails to maintain the required performance standards indicated below throughout the life of this Agreement. Any breach by the MCO will delay and disrupt DHHS's operations and obligations and lead to significant damages. Therefore, the parties agree that the liquidated damages as specified in the sections below are reasonable.
- 33.2.2. Assessment of liquidated damages shall be in addition to, not in lieu of, such other remedies as may be available to DHHS. Except and to the extent expressly provided herein, DHHS shall be entitled to recover liquidated damages cumulatively under each section applicable to any given incident.
- 33.2.3. DHHS shall make all assessments of liquidated damages. Should DHHS determine that liquidated damages may, or will be assessed, DHHS shall notify the MCO as specified in Section 33.9 of this Agreement.
- 33.2.4. The MCO shall submit a written Corrective Action Plan to DHHS, within five business days of notification, for review and approval prior to implementation of corrective action.
- 33.2.5. The MCO agrees that as determined by DHHS, failure to provide services meeting the performance standards below will result in liquidated damages as specified. The MCO agrees to abide by the Performance Standards and Liquidated Damages specified, provided that DHHS has given the MCO data required to meet

performance standards in a timely manner. DHHS's decision to assess liquidated damages must be reasonable, based in fact and made in good faith.

- 33.2.6. The remedies specified in this Section shall apply until the failure is cured or an resulting dispute is resolved in the MCO's favor.
- 33.2.7. Liquidated damages may be assessed for each day, incidence or occurrence, as applicable, of a violation or failure.
- 33.2.8. The amount of liquidated damages assessed by DHHS to the MCO shall not exceed 3% of total expected yearly capitated payments, based on average annual membership from start date, for the MCO.
- 33.2.9. Liquidated damages related to timely processing of membership, claims and or/encounters shall be waived until such time as DHHS's file transfer systems and processes are operational.

33.3. Category 1

Liquidated damages up to \$100,000 per violation or failure may be imposed for Category 1 events. Category 1 events are monitored by DHHS to determine compliance and shall include and constitute the following:

- 33.3.1. Acts that discriminate among Members on the basis of their health status or need for health care services. This includes termination of enrollment or refusal to re-enroll an enrollee, except as permitted under law or under this Agreement, or any practice that would reasonably be expected to discourage enrollment by an enrollee whose medical condition or history indicates probable need for substantial future medical services. [42 CFR 700(b)(3) and 42 CFR 704(b)(2)]
- 33.3.2. A determination by DHHS that a recipient was not enrolled because of a discriminatory practice; \$15,000 for each recipient subject to the \$100,000 overall limit in 42 CFR 704(b)(2).
- 33.3.3. Misrepresentations of actions or falsifications of information furnished to CMS or the State.

- 33.3.7. Failure of the MCO to assume full operation of its duties under this Agreement in accordance with the implementation and transition timeframes specified herein.

33.4. Category 2

Liquidated damages up to \$25,000 per violation or failure may be imposed for Category 2 events. Category 2 events are monitored by DHHS to determine compliance and shall include and constitute the following:

- 33.4.1. Misrepresentation or falsification of information furnished to a member, potential member, or health care provider.
- 33.4.2. Distribution, directly, or indirectly, through any agent or independent MCO, marketing materials that have not been approved by the State or that contain false or materially misleading information.

- 33.4.5. Failure to resolve member Appeals and Grievances within the timeframes specified in Section 18 of this Agreement.
- 33.4.6. Failure to ensure client confidentiality in accordance with 42 CFR 166 and 45 CFR 164; an incident of non-compliance shall be assessed as per member and/or per HIPAA regulatory violation.
- 33.4.7. Violation of a subcontracting requirement in this Agreement.

33.5. Category 3

Liquidated damages up to \$10,000 per violation or failure may be imposed for Category 3 events. Category 3 events are monitored by DHHS to determine compliance and shall include and constitute the following:

- 33.5.1. Late, inaccurate, or incomplete turnover or termination deliverables.

33.6. Category 4

Liquidated damages up to \$5,000 per violation or failure may be imposed for Category 4 events. Category 4 events are monitored by DHHS to determine compliance and shall include and constitute the following:

- 33.6.1. Failure to meet staffing requirements as specified in Section 6.
- 33.6.2. Failure to submit reports not otherwise addressed in this Section within the required timeframes.

33.7. Category 5

Liquidated damages as specified below may be imposed for Category 5 events. Category 5 events are monitored by DHHS to determine compliance and shall include and constitute the following:

33.7.1. Failure to provide a sufficient number of providers in order to ensure member access to all covered services and to meet the geographic access standards and timely access to service delivery specified in this Agreement:

33.7.1.1. \$1,000 per day per occurrence until correction of the failure or approval by DHHS of a Corrective Action Plan;

33.7.1.2. \$100,000 per day for failure to meet the requirements of the approved Corrective Action Plan.

33.7.2. Failure to submit readable, valid health care data derived from Claims, Pharmacy or Encounter data in the required form or format, and timeframes required by the terms of this Agreement:

33.7.2.1. \$5,000 for each day the submission is late;

33.7.2.2. for submissions more than 30 calendar days late, DHHS reserves the right to withhold five percent (5%) of the aggregate capitation payments made to the MCO in that month until such time as the required submission is made.

33.7.3. Failure to implement the Disaster Recovery Plan (DRP):

33.7.3.1. Implementation of the DRP exceeds the proposed time by two (2) or less Calendar Days: five thousand dollars (\$5,000) per day up to day 2.

33.7.4. Unscheduled system unavailability occurring during a continuous five (5) business day period:

**Exhibit O Amendment #2
NH Medicaid Care Management Quality and Oversight Reporting**

The Exhibit O items shall be submitted according to the schedule and method specified and as modified in the NH DHHS's New Hampshire Medicaid Care Management Quality Oversight Reporting Specifications document and related templates using the specifications relevant for each items data period.

For measures that will be submitted for the first time after the date of this amendment, the first submission due date will be the delivery date after the first measure whole data period has passed (e.g., if measure is quarterly and has a due date two months after the end of the quarter, and the NHHPP program's implementation date is 9/1/14, the first whole quarter would be 10/1/14 – 12/31/14, and hence the first due date would be 2/28/15).

NHHPP column below indicates whether the item should: include the NHHPP members and be a total of all membership (indicated by T), should exclude NHHPP members (indicated by X), either because the measure is not relevant for NHHPP, cannot be calculated for NHHPP, was determined to be too burdensome for the NHHPP population, or there is a like measure for the NHHPP population (indicated by M), or lastly whether a measure is new for the NHHPP population (indicated by N).

26.4.3. Due to potential time constraints involving accident and trauma cases and due to the large dollar value of many claims which are potentially recoverable by DHHS, the MCO must identify these cases before a settlement has been negotiated. Should DHHS fail to identify and establish a claim prior to settlement due to the MCO's untimely submission of notice of legal involvement where the MCO has received such notice, the amount of the actual loss of recovery shall be assessed against the MCO. The actual loss of recovery shall not include the attorney's fees or other costs, which would not have been retained by DHHS.

26.4.4. The MCO has the latter of eighteen (18) months from the date of service or twelve (12) months from the date of payment of health-related insurance resources to initiate recovery and may keep any funds that it collects. The MCO must indicate its intent to recover on health-related insurance by providing to DHHS an electronic file of those cases that will be pursued. The cases must be identified and a file provided to DHHS by the MCO within 30 days of the date of discovery of the resource.

26.4.5. The MCO is responsible for pursuing, collecting, and retaining recoveries of health-related insurance resources where the liable party has improperly denied payment based upon either lack of a Medically Necessary determination or lack of coverage. The MCO is encouraged to develop and implement cost-effective procedures to identify and pursue cases which are susceptible to collection through either legal action or traditional subrogation and collection procedures.

26.5. DHHS Post Payment Recovery Activity

26.5.1. DHHS retains the sole and exclusive right to investigate, pursue, collect and retain all Other Resources, including accident and trauma. DHHS is assigned the MCO's subrogation rights to collect the "Other Resources" covered by this provision. Any correspondence or Inquiry forwarded to the MCO (by an attorney, provider of service, insurance carrier, etc.) relating to a personal injury accident or trauma-related medical service, or which in any way indicates that there is, or may be, legal involvement regarding the Recipient and the services which were provided, must be immediately forward to DHHS.

26.5.2. The MCO may neither unreasonably delay payment nor deny payment of Claims because they involved an injury stemming from an accident such as a motor vehicle accident, where the services are otherwise covered. Those funds recovered by DHHS under the scope of these "Other Resources" shall be retained by DHHS.

26.5.3. DHHS may pursue, collect and retain recoveries of all health-related insurance cases; provided, however, that if the MCO has not notified DHHS of its intent to pursue a case identified for recovery before the latter of eighteen (18) months after the date of service or twelve (12) months after the date of payment, such cases not identified for recovery by the MCO will become the sole and exclusive right of DHHS to pursue, collect and retain. The MCO must notify DHHS through the prescribed electronic file process of all outcomes for those cases identified for pursuit by the MCO.

26.5.4. Should DHHS lose recovery rights to any Claim due to late or untimely filing of a Claim with the liable third party, and the untimeliness in billing that specific Claim is directly related to untimely submission of Encounter Data or additional records under special request, or inappropriate denial of Claims for accidents or emergency care in casualty related situations, the amount of the unrecoverable Claim shall be assessed against the MCO.

27. Compliance with State and Federal Laws

27.1.General

- 27.1.1. The MCO, its subcontractors, and the providers with which they have Agreements with, shall adhere to all applicable federal and State laws, including subsequent revisions, whether or not included in this subsection [42 CFR 438.6; 42 CFR 438.100(a)(2); 42 CFR 438.100(d)].

- 27.1.5. The MCO shall comply with the Health Insurance Portability & Accountability Act of 1996 (between the State and the MCO, as governed by 45 C.F.R. Section 164.504(e)). Terms of the Agreement shall be considered binding upon execution of this Agreement, shall remain in effect during the term of the Agreement including any extensions, and its obligations shall survive the Agreement.

27.2.Non-Discrimination

- 27.2.1. The MCO shall require its providers and subcontractors to comply with the Civil Rights Act of 1964 (42 U.S.C. § 2000d), Title IX of the Education Amendments of 1972 (regarding education programs and activities), the Age Discrimination Act of

1975, the Rehabilitation Act of 1973, the regulations (45 C.F.R. Parts 80 & 84) pursuant to that Act, and the provisions of Executive Order 11246, Equal Opportunity, dated September 24, 1965, and all rules and regulations issued thereunder, and any other laws, regulations, or orders which prohibit discrimination on grounds of age, race, ethnicity, mental or physical disability, sexual or affectional orientation or preference, marital status, genetic information, source of payment, sex, color, creed, religion, or national origin or ancestry.

27.2.2.ADA Compliance

27.2.2.1. The MCO shall require its providers or subcontractors to comply with the requirements of the Americans with Disabilities Act (ADA). In providing health care benefits, the MCO shall not directly or indirectly, through contractual, licensing, or other arrangements, discriminate against Medicaid beneficiaries who are qualified disabled individuals covered by the provisions of the ADA.

A "qualified individual with a disability" defined pursuant to 42 U.S.C. § 12131 is an individual with a disability who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by a public entity (42 U.S.C. § 12131).

27.2.2.2. The MCO shall submit to DHHS a written certification that it is conversant with the requirements of the ADA, that it is in compliance with the law, and that it has assessed its provider network and certifies that the providers meet ADA requirements to the best of the MCO's knowledge. The MCO shall survey its providers of their compliance with the ADA using a standard survey document that will be developed by the State. Survey attestation shall be kept on file by the MCO and shall be available for inspection by the DHHS. The MCO warrants that it will hold the State harmless and indemnify the State from any liability which may be imposed upon the State as a result of any failure of the MCO to be in compliance with the ADA. Where applicable, the MCO shall abide by the provisions of Section 504 of the federal Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, regarding access to programs and facilities by people with disabilities.

27.2.2.3. The MCO shall have written policies and procedures that ensure compliance with requirements of the Americans with Disabilities Act of 1990, and a written plan to monitor compliance to determine the ADA requirements are being met. The compliance plan shall be sufficient to determine the specific actions that will be taken to remove existing barriers and/or to accommodate the needs of members who are qualified individuals with a disability. The compliance plan shall include the assurance of appropriate physical access to obtain included benefits for all members who are qualified individuals with a

disability including, but not limited to, street level access or accessible ramp into facilities; access to lavatory; and access to examination rooms.

27.2.2.4. The MCO shall forward to DHHS copies of all grievances alleging discrimination against members because of race, color, creed, sex, religion, age, national origin, ancestry, marital status, sexual or affectional orientation, physical or mental disability for review and appropriate action within three (3) business days of receipt by the MCO.

27.2.3. Non-Discrimination in employment:

27.2.3.1. The MCO shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The MCO will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The MCO agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

27.2.3.2. The MCO will, in all solicitations or advertisements for employees placed by or on behalf of the MCO, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.

27.2.3.3. The MCO will send to each labor union or representative of workers with which he has a collective bargaining Agreement or other Agreement or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the MCO's commitments under Section 202 of Executive Order No. 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

27.2.3.4. The MCO will comply with all provisions of Executive Order No. 11246 of Sept. 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

27.2.3.5. The MCO will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

27.2.3.6. In the event of the MCO's noncompliance with the nondiscrimination clauses of this Agreement or with any of such rules, regulations, or orders, this Agreement may be cancelled, terminated or suspended in whole or in part and

the MCO may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246 of Sept. 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

27.2.3.7. The MCO will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The MCO will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the MCO becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the MCO may request the United States to enter into such litigation to protect the interests of the United States.

27.2.4. Non-Discrimination in Enrollment

27.2.4.1. The MCO shall and shall require its providers and subcontractors to accept assignment of an member and not discriminate against eligible members because of race, color, creed, religion, ancestry, marital status, sexual orientation, national origin, age, sex, physical or mental handicap in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C. § 2000d, Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990 (ADA), 42 U.S.C. § 12131 and rules and regulations promulgated pursuant thereto, or as otherwise provided by law or regulation.

27.2.4.2. The MCO shall and shall require its providers and subcontractors to not discriminate against eligible persons or members on the basis of their health or mental health history, health or mental health status, their need for health care services, amount payable to the MCO on the basis of the eligible person's actuarial class, or pre-existing medical/health conditions.

27.2.5. Non-Discrimination with Respect to Providers

27.2.5.1. The MCO shall not discriminate with respect to participation, reimbursement, or indemnification as to any provider who is acting within the scope of the provider's license or certification under applicable State law, solely on the basis of such license or certification or against any provider that serves high-risk populations or specializes in conditions that require costly treatment. This paragraph shall not be construed to prohibit an organization from including providers only to the extent necessary to meet the needs of the organization's members, from establishing any measure designed to maintain quality and control costs consistent with the responsibilities of the organization, or use different reimbursement amounts for different specialties or for different practitioners in the same specialty. If the MCO declines to

include individual or groups of providers in its network, it shall give the affected providers written notice of the reason for the decision.

27.3.Changes in Law

27.3.1.The MCO shall implement appropriate system changes, as required by changes to federal and state laws or regulations.

28. Administrative Quality Assurance Standards

28.1. Claims Payment Standards

- 28.1.1. The MCO shall pay or deny ninety-five percent (95%) of clean claims within thirty (30) days of receipt, or receipt of additional information [42 CFR 447.46; 42 CFR 447.45(d)(2), (d)(3), (d)(5), and (d)(6)].
- 28.1.2. The MCO shall pay interest on any clean claims that are not paid within thirty (30) days at the interest rate published in the Federal Register in January of each year for the Medicare program.
- 28.1.3. The MCO shall pay or deny all claims within sixty (60) days of receipt.
- 28.1.4. Additional information necessary to process incomplete claims shall be requested from the provider within 30 days from the date of original claim receipt.
- 28.1.5. For purposes of this requirement, New Hampshire DHHS has adopted the claims definitions established by CMS under the Medicare program, which are as follows:
 - 28.1.5.1. “clean” claim: a claim that does not have any defect, impropriety, lack of any required substantiating documentation, or particular circumstance requiring special treatment that prevents timely payment.
 - 28.1.5.2. “incomplete” claim: a claim that is denied for the purpose of obtaining additional information from the provider.
- 28.1.6. Claims payment timeliness shall be measured from the received date, which is the date a paper claim is received in the MCO’s mailroom or an electronic claim is submitted. The paid date is the date a payment check or electronic funds transfer is issued to the service provider. The denied date is the date at which the MCO determines that the submitted claim is not eligible for payment.

28.2. Quality Assurance Program

- 28.2.1. The MCO shall maintain an internal program to routinely measure the accuracy of claims processing for MCIS and report results to DHHS on a monthly basis. Monthly reporting shall be based on a review of a statistically valid sample of paid and denied claims determined with a ninety-five percent (95%) confidence level, +/- three percent (3%), assuming an error rate of three percent (3%) in the population of managed care claims.
- 28.2.2. The MCO shall implement Corrective Action Plans to identify any issues and/or errors identified during claim reviews and report resolution to DHHS.

28.3. Claims Financial Accuracy

- 28.3.1. Claims financial accuracy measures the accuracy of dollars paid to providers. It is measured by evaluating dollars overpaid and underpaid in relation to total paid amounts taking into account the dollar stratification of claims. The MCO shall pay ninety-nine percent (99%) of dollars accurately.

28.4.Claims Payment Accuracy

28.4.1.Claims payment accuracy measures the percentage of claims paid or denied correctly. It is measured by dividing the number of claims paid/denied correctly by the total claims reviewed. The MCO shall pay ninety-seven percent (97%) of claims accurately.

28.5.Claims Processing Accuracy

28.5.1.Claims processing accuracy measures the percentage of claims that are accurately processed in their entirety from both a financial and non-financial perspective; i.e., claim was paid/denied correctly and all coding was correct, business procedures were followed, etc. It is measured by dividing the total number of claims processed correctly by the total number of claims reviewed. The MCO shall process ninety-five percent (95%) of all claims correctly.

29. Privacy and Security of Members

- 29.1.1. The MCO shall be in compliance with privacy policies established by governmental agencies or by State or federal law.
- 29.1.2. The MCO shall provide sufficient security to protect the State and DHHS data in network, transit, storage, and cache.
- 29.1.3. In addition to adhering to privacy and security requirements contained in other applicable laws and statutes, the MCO shall execute as part of this Agreement a Business Associates Agreement governing the permitted uses and disclosure and security of Protected Health Information.
- 29.1.4. The MCO shall ensure that it uses and discloses individually identifiable health information in accordance with HIPAA privacy requirements in 45 CFR parts 160 and 164, subparts A and E, to the extent that these requirements are applicable [42 CFR 438.224]; complies with federal statutes and regulations governing the privacy of drug and alcohol abuse patient records (42 CFR, Part 2), and all applicable state statutes and regulations, including but not limited to: R.S.A. 167:30: protects the confidentiality of all DHHS records with identifying medical information in them.
- 29.1.5. With the exception of submission to the Comprehensive Healthcare Information System or other requirements of State or federal law, claims and member data on New Hampshire Medicaid members may not be released to any party without the express written consent of DHHS.
- 29.1.6. The MCO shall ensure that in the process of coordinating care, each member's privacy is protected consistent with the confidentiality requirements in 45 CFR parts 160 and 164. 45 CFR Part 164 specifically describes the requirements regarding the privacy of individually identifiable health information [42 CFR 438.208(b)(1), (2), and (3)].

30. Finance

30.1. Financial Standards

- 30.1.1. In compliance with 42 CFR 438.116, the MCO shall maintain a minimum level of capital as determined in accordance with New Hampshire NHID regulations, and any other relevant laws and regulations.
- 30.1.2. The MCO shall maintain a risk-based capital (RBC) ratio to meet or exceed the NHID regulations, and any other relevant laws and regulations.
- 30.1.3. With the exception of payment of a claim for a medical product or service that was provided to a member, and that is in accordance with a written Agreement with the provider, the MCO may not pay money or transfer any assets for any reason to an affiliate without prior approval from DHHS, if any of the following criteria apply:
 - 30.1.3.1. RBC ratio was less than 2.0 for the most recent year filing, per R.S.A. 404-F:14 (III)
 - 30.1.3.2. MCO was not in compliance with the NHID solvency requirement
- 30.1.4. The MCO shall notify DHHS within ten (10) calendar days when its Agreement with an independent auditor or actuary has ended and seek approval of, and the name of the replacement auditor or actuary, if any from DHHS.
- 30.1.5. The MCO shall maintain current assets, plus long-term investments that can be converted to cash within seven (7) calendar days without incurring a penalty of more than twenty percent (20%) that equal or exceed current liabilities.
- 30.1.6. The MCO shall not be responsible for DSH/GME (IME/DME) payments to hospitals. DSH and GME amounts are not included in capitation payments.

30.2. Capitation Payments

- 30.2.1. Capitation rates for non NHHPP members for the agreement period through June 30, 2015 are shown in Exhibit B and were determined as part of Agreement negotiations, any best and final offer process, and the DHHS actuary's soundness certification. For each of the subsequent years of the Agreement actuarially sound per member, per month capitated rates will be calculated and certified by the DHHS's actuary.
- 30.2.2. Capitation rates for NHHPP members for the agreement period through December 31, 2015 are shown in Exhibit B and were determined as part of Agreement negotiations, any best and final offer process, and the DHHS actuary's soundness certification.
- 30.2.3. Due to the high uncertainty related to utilization of the new high cost medications to treat Hepatitis C, MCOs will be required to process and pay claims related to Hepatitis C medications on an administrative services only basis and will be reimbursed by DHHS in a retrospective manner. DHHS will implement a pass-through program and develop pre-authorization guidelines related to Hepatitis C

medication currently FDA-approved or that are FDA-approved during the term of this Agreement (e.g. Sovaldi, Olysio, Incivek, Victrelis, Ribavirin, and Pegylated interferon (only if taken in conjunction with other Hepatitis C drugs since it can be used to treat other conditions).) Hep C pass-through will be made no later than 45 days after the last day of the month the claims were incurred.

30.2.4. DHHS will make a monthly payment to the MCO for each member enrolled in the MCO's plan. The capitation rates, as set forth in Exhibit B, will be risk adjusted as follows:

30.2.4.1. The Chronic Illness and Disability Payment System and Medicaid Rx risk adjuster (CDPS + Rx) will be used to risk adjust MCO capitation payments. Risk adjustment will be calculated on a prospective basis. The MCO Adjusted Risk Factor will equal the average risk factor across all beneficiaries that the MCO enrolls divided by the average risk factor for the entire population that is eligible to enroll in the Care Management Program (FFS eligibles + MCO members).

30.2.4.2. A CDPS + Rx risk score will be developed for members with six (6) months or more of data (either FFS or managed care). For members with less than six (6) months data, a score equal to the average of those beneficiaries with scores in each cohort (i.e., the MCO-specific average or the FFS average) will be used.

30.2.4.3. CDPS + Rx risk scores and age/gender scores will be updated annually.

30.2.4.4. Age/gender scores are based upon the average score of individuals in the rate cell that the member has been assigned to.

30.2.5. The MCO adjusted Risk Factor will be set to 1.00 for payments in the first quarter of the first year. The most current available month's enrollment will be used to establish the MCO Adjusted Risk Factor at the beginning of each of the following three quarters.

30.2.6. The capitation payment for Step 1 members will be made retrospectively with a two (2) month delay. For example, a payment will be made within five (5) business days of the first day in October 2012 for services provided in July 2012. DHHS will consider reducing the delay in payment from a two (2) to a one (1) month retrospective delay in SFY 2016.

30.2.7. Capitation payments for NHHPP members will be paid in the month of service.

30.2.8. Capitation payment settlements will be made at three (3) month intervals. DHHS will recover capitation payments made for deceased members, or members who were later determined to be ineligible for Medicaid and/or for Medicaid managed care.

30.2.9. Capitation payments for members who became ineligible for services in the middle of the month will be prorated based on the number of days eligible in the month.

- 30.2.10. For each live birth, DHHS will make a one-time maternity kick payment to the MCO with whom the mother is enrolled on the date of birth. This payment is a global fee to cover all maternity expenses, including all delivery and postpartum care. In the event of a multiple birth DHHS will only make only one maternity kick payment. A live birth is defined in accordance with NH Vital Records reporting requirements for live births as specified in RSA 5-C.
- 30.2.11. For each live birth, DHHS will make a one-time newborn kick payment to the MCO with whom the mother is enrolled on the date of birth. This payment is a global fee to cover all newborn expenses incurred in the first two (2) months of life, including all hospital, professional, pharmacy, and other services. For example, the newborn kick payment will cover all services provided in July 2012 and August 2012 for a baby born any time in July 2012. Enrolled babies will be covered under the MCO capitated rates thereafter.
- 30.2.12. The MCO shall submit information on maternity and newborn events to DHHS. The MCO shall follow written policies and procedures, as developed by DHHS, for receiving, processing and reconciling maternity payments.
- 30.2.13. Beginning July 1, 2015, one percent (1.0%) of each member's capitation payment to the MCO will be withheld annually to support DHHS's payment reform incentive program. Details of the Incentive Program are described in Section 9.
- 30.2.14. DHHS will inform the MCO of any required program revisions or additions in a timely manner. DHHS may adjust the rates to reflect these changes as necessary to maintain actuarial soundness.
- 30.2.15. In the event an enrolled Medicaid member was previously admitted as a hospital inpatient and is receiving continued inpatient hospital services on the first day of coverage with the MCO, the MCO shall receive full capitation payment for that member. The entity responsible for coverage of the member at the time of admission as an inpatient, i.e. either DHHS or another MCO, shall be fully responsible for all inpatient care services and all related services authorized while the member was an inpatient until the day of discharge from the hospital.

30.3. NHHPP Risk Protection Structure

- 30.3.1. DHHS will implement risk adjustment and risk corridors for NHHPP. There will be two parts to the risk adjustment component. Part 1 will increase or decrease the total amount of MCO revenue for the actual opt out percentage and relative acuity level of the medically frail population compared to the rate setting assumptions. Part 2 will reallocate revenue between the MCOs based on the relative acuity level of their enrolled populations. Risk corridors will be applied after the Part 1 and Part 2 risk adjustment calculations.
- 30.3.1.1. Risk adjustment – Part 1 (Medically Frail Opt-Out Adjustment) – the NHHPP capitation rates are based on assumptions regarding the percentage of the NHHPP population opting out of the ABP due to self-reported medically frail status and their relative acuity level. As part of the contract

settlement process, DHHS will measure the size based on member months and relative acuity level based on risk scores of the actual opt-out population and adjust NHHPP capitation rates appropriately. Part 1 of risk adjustment will increase (or decrease) the total amount of MCO revenue. If a lower percentage of the population opts out and/or the opt-out acuity level is lower than expected based on the opt-out and acuity assumptions in the capitation rate development, MCO capitation rates will increase. If a larger percentage of the population opts out and/or the opt-out acuity level is higher than expected based on the opt-out and acuity assumptions in the capitation rate development, MCO capitation rates will decrease.

30.3.1.2. Risk adjustment – Part 2 (MCO Revenue Reallocation) – Similar to the risk adjustment process for the current Medicaid Step 1 population under the MCM program, risk adjustment will shift revenue from MCOs with lower acuity populations to MCOs with higher acuity populations. This portion of the risk adjustment process is revenue neutral.

30.3.2. Risk adjustment – Methodology – Acuity will be measured using the CDPS+Rx, a diagnosis and pharmacy based risk adjuster that will also be used for the current Medicaid population. Key differences in the risk adjustment process for the NHHPP population include:

30.3.2.1. DHHS will use concurrent risk adjustment for the NHHPP population. Since the NHHPP population will not have a Medicaid claims history with diagnosis and pharmacy data, it will take six months or more to get a credible picture of the acuity level of the enrolled population. DHHS will use September 2014 – December 2015 claims to estimate September 2014 – December 2015 acuity (as opposed to prospective models that use a prior year's claims to estimate current acuity).

30.3.2.2. Risk adjustment transfer payments will be made as part of the contract period settlement, not as prospective payments.

30.3.2.3. DHHS will use a pharmacy-only risk adjuster to monitor the actual population acuity of the population receiving the ABP compared to the rate setting assumptions and make corrections during the rate period if necessary.

30.3.3. Risk corridors – The private market risk corridor program for calendar years 2014 – 2016 will protect against uncertainty in annual profit or loss results for qualified health plans in and out of the individual and small group exchanges. DHHS will use a similar risk corridor structure for NHHPP. DHHS will establish a target medical loss ratio (MLR) of 89.0% based on NHHPP pricing assumptions:

30.3.3.1. Administrative allowance of 9.0% of the capitation rate prior to state premium tax

30.3.3.2. New Hampshire state premium tax of 2%

30.3.3.3. DHHS and each MCO will share the financial risk of actual results that are above or below the MLR target as shown in the table below:

New Hampshire Department of Health and Human Services
 New Hampshire Health Protection Program Population
 Risk Corridor Program

Actual MLR Compared to Target MLR	MCO Share	DHHS Share
>3% below	10%	90%
1% - 3% below	50%	50%
1% below - 1% above	100%	0%
1% - 3% above	50%	50%
>3% above	10%	90%

30.3.3.4. Risk corridors will be applied after the Part 1 and Part 2 risk adjustment calculations.

30.3.4. Risk protection settlement will occur after the September 2014 – December 2015 NHHPP contract period has ended and enough time has passed to collect and validate MCO encounter data and financial data. DHHS will implement the following schedule for the final risk protection settlement:

Disputes between the MCO and DHHS and/or its designee regarding service authorizations shall be resolved by DHHS.

31.2.2. The MCO shall give notice on the date that the timeframes expire when service authorization decisions not reached within the timeframes for either standard or expedited service authorizations. Untimely service authorizations constitute a denial and are thus adverse actions [42 CFR 438.404(c)(5)].

31.3.Termination for Cause

- 31.3.1.DHHS shall have the right to terminate this Agreement, without liability to the State, in whole or in part if the MCO [42 CFR 438.610(c)(3); 42 CFR 434.6(a)(6)]:

If no resolution is reached in the above 30 day period, then the contract will terminate 90 days thereafter, or at the time that all members have been disenrolled from the MCO’s plan, whichever date is earlier. In the event of such termination, the MCO shall accept the lesser of the most recently agreed to capitation rates or the new annual capitation rate for each rating category as payment in full for Covered Services and all other services required under this Agreement delivered to Members until all Members have been disenrolled from the MCO’s plan consistent with any mutually agreed upon transition plans to protect Members.

31.5.Survival of Terms

Termination or expiration of this Contract for any reason will not release either Party from any liabilities or obligations set forth in this Contract that:

31.5.1.The Parties have expressly agreed shall survive any such termination or expiration;

32. Agreement Closeout

32.1. Period

32.1.1.A closeout period shall begin one-hundred twenty (120) calendar days prior to the last day the MCO is responsible for coverage of specific beneficiary groups or operating under this Agreement. 33. Remedies

33.1. Reservation of Rights and Remedies

33.1.1. A material default or breach in this Agreement will cause irreparable injury to DHHS. In the event of any claim for default or breach of this Agreement, no provision of this Agreement shall be construed, expressly or by implication, as a waiver by the State of New Hampshire to any existing or future right or remedy available by law. Failure of the State of New Hampshire to insist upon the strict performance of any term or condition of this Agreement or to exercise or delay the exercise of any right or remedy provided in the Agreement or by law, or the acceptance of (or payment for) materials, equipment or services, shall not release the MCO from any responsibilities or obligations imposed by this Agreement or by law, and shall not be deemed a waiver of any right of the State of New Hampshire to insist upon the strict performance of this Agreement. In addition to any other remedies that may be available for default or breach of the Agreement, in equity or otherwise, DHHS may seek injunctive relief against any threatened or actual breach of this Agreement without the necessity of proving actual damages. DHHS reserves the right to recover any or all administrative costs incurred in the performance of this Agreement during or as a result of any threatened or actual breach.

Therefore, the parties agree that the liquidated damages as specified in the sections below are reasonable.

Except and to the extent expressly provided herein, DHHS shall be entitled to recover liquidated damages cumulatively under each section applicable to any given incident.

performance standards in a timely manner. DHHS's decision to assess liquidated damages must be reasonable, based in fact and made in good faith.

NH Medicaid Care Management Quality and Oversight Reporting**

The Exhibit O items shall be submitted according to the schedule and method specified and as modified in the NH DHHS's New Hampshire Medicaid Care Management Quality Oversight Reporting Specifications document and related templates using the specifications relevant for each items data period.

For measures that will be submitted for the first time after the date of this amendment, the first submission due date will be the delivery date after the first measure whole data period has passed (e.g., if measure is quarterly and has a due date two months after the end of the quarter, and the NHHPP program's implementation date is 9/1/14, the first whole quarter would be 10/1/14 – 12/31/14, and hence the first due date would be 2/28/15).

NHHPP column below indicates whether the item should: include the NHHPP members and be a total of all membership (indicated by T), should exclude NHHPP members (indicated by X), either because the measure is not relevant for NHHPP, cannot be calculated for NHHPP, was determined to be too burdensome for the NHHPP population, or there is a like measure for the NHHPP population (indicated by M), or lastly whether a measure is new for the NHHPP population (indicated by N).
