His Excellency, Governor Christopher T. Sununu
and The Honorable Council
State House
Concord, NH 03301

REQUESTED ACTION

Authorize the Department of Environmental Services (DES) to amend a Grant Agreement (PO#9005723) with the Emerald Lake Village District (VC# 170090 B001), by extending the completion date to December 31, 2022 from May 31, 2022 to complete a project to better protect drinking water from contamination. No additional funding is involved in this time extension. The grant agreement was originally approved by Governor and Council on June 2, 2021 as Item #99. 100% Federal Funds.

EXPLANATION

We are requesting approval of this amendment to the grant agreement in order to provide the Emerald Lake Village District additional time in which to complete the agreed upon scope of services. The reason for the requested extension is because additional tree work is needed around the project site and the coordination of those efforts have been impacted by road closures to heavy equipment. The initial efforts of the project were also delayed due to various impacts from the Covid-19 pandemic. To date, \$17,398.99 of the original grant award of \$21,414 has been spent.

All other conditions of the original agreement will remain in full effect. This amendment has been approved as to form, substance, and execution by the Office of the Attorney General. In the event that Federal funds become no longer available, General funds will not be requested to support this program.

We respectfully request your approval of this item.

REQUESTED ACTION

Authorize the Department of Environmental Services to award a Local Source Water Protection grant to Emerald Lake Village District (VC # 170090 B001) in the amount of \$21,414 to complete two projects to protect public drinking water supplies, effective upon Governor and Council approval through May 31, 2022. 100% Federal Funds.

Funding is available in the following account:

03-44-44-441018-4718-072-500574

Dept. Environmental Services, DWSRF Administration, Grants- Federal

FY2021

\$21,414

EXPLANATION

The Department of Environmental Services issued a request for proposals for 2021 Local Source Water Protection Grants. These grants are funded by set-asides under the Drinking Water State Revolving Loan Fund. Thirteen proposals were received. The proposals were evaluated and ranked based on criteria included in the request for proposals, such as whether the project fulfills a component of a source water protection program, that the proposed project addresses appropriate threats, and that the project will deliver a valuable and useful product. Based on eligibility and the available loan management fee funding, the Department determined that it could offer grants to four source protection planning projects and five source security projects. See Attachment A for the full list of grants awarded and list of reviewers.

Emerald Lake Village District will use the source water protection grant funds to implement security at Eastman Beach well site by installing fencing, access gate, surveillance camera and signage and at Meetinghouse Beach well site/treatment center by installing fencing and security surveillance camera restricting human activities in this high traffic residential area to prevent potential source water contamination.

This agreement has been approved as to form, substance, and execution by the Office of the Attorney General. In the event that the federal funds are no longer available, General funds will not be requested to support this program.

We respectfully request your approval of this item.

Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.

17. INSURANCE AND BOND.

17.1 The Grantee shall, at its sole expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

17.1.1 statutory worker's compensation and employees liability insurance for all employees engaged in the performance of the Project, and

17.1.2 comprehensive public liability insurance against all claims of bodily injuries, death or property damage, in amounts not less than \$2,000,000 for bodily injury or death any one incident, and \$500,000 for property damage in any one incident; and

17.2 The policies described in subparagraph 17.1 of this paragraph shall be the standard form employed in the State of New Hampshire, issued by underwriters acceptable to the State, and authorized to do business in the State of New Hampshire. Each policy shall contain a clause prohibiting cancellation of modification of the policy earlier than ten (10) days after written notice has been received by the State.

18. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure or waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

19. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses first above given.

Subparagraph 1.7 of the General Provisions shall not apply to this Agreement. The comprehensive public liability insurance against all claims of bodily injuries, death, or property damage under Subparagraph 17.1.2 of the General Provisions shall be reduced from \$2,000,000 to \$1,000,000 for bodily injury or death in any one incident. If a deadline extension is requested, the grantee must make that request for approval at least two months before the completion date. Failure to do so may result in lower rankings of future grant applications.
