REQUESTED ACTION

Authorize the Department of Health and Human Services, Division for Behavioral Health, to amend a **sole source** agreement with Hampstead Outlook Inc., dba Hampstead Hospital, Vendor #TBD, 218 East Road, Hampstead, NH 03841, in order to increase the number of available beds for children and youth for acute psychiatric treatment by increasing the price limitation by \$50,000 from \$100,000 to \$150,000, and by extending the completion date from June 30, 2019 to June 30, 2020, effective upon the date of Governor and Executive Council approval. 100% General Funds.

This agreement was originally approved by Governor and Executive Council on August 23, 2017, Item #18 and subsequently amended as approved by the Governor and Executive Council on June 6, 2018, Item #18.

Funds are available in the following account(s) for SFY 2020.

EXPLANATION

This contract is **sole source** because, other than New Hampshire Hospital, the Contractor is the only psychiatric hospital in New Hampshire that accepts children and youth and is enrolled with the Medicaid Managed Care Organizations. By renewing this agreement, more children and youth waiting in emergency departments can be admitted into psychiatric treatment beds.

The purpose of this request is to enable the Contractor to continue meeting the needs of children and youth with psychiatric conditions to obtain a psychiatric hospital level of care and treatment for those conditions.

The agreement will allow the Contractor to continue accepting children and youth who are without insurance and to continue providing the Department with information regarding the demographics of children and youth utilizing psychiatric hospital level of care. The Contractor will also continue to inform the Department regarding the proportion of children and youth who are admitted with Medicaid, private insurance, or are uninsured. The Contractor will also assist the Department by assessing any system level barriers to timely admissions and discharges of children and youth at this level of care.

Through this agreement, Hampstead Hospital will be positioned to assist the Department with the issue of children and youth waiting in the emergency departments for a psychiatric admission. The number of children and youth waiting in emergency departments has been steadily increasing over the past year, culminating in an all-time high in May, 2017. Having access to additional beds will allow children and youth to move more quickly out of emergency departments and into psychiatric treatment, as well as back home or to a community-based option. In calendar year 2018, six hundred and sixty-nine (669) children and youth were admitted to Hampstead Hospital. During the period of July 1, 2019 through June 30, 2020, the Contractor expects to provide services for approximately seven hundred (700) children and youth, with approximately half being Medicaid members.

On average, in New Hampshire, the number of children and youth waiting in emergency departments is generally low, with spikes in these numbers at various times of the year such as in the spring and during holidays. At times, spikes in the numbers have reached an average of fifteen (15) children and youth waiting in emergency departments on any given day.

Should the Governor and Executive Council determine not to approve this request; children and youth may continue to experience unnecessary waiting periods and the uncertainty of an appropriate discharge from the acute care setting, which ultimately may lead to further hospitalizations.

Area served: Statewide

Source of funds: 100% General Funds.

Respectfully submitted,

Jeffrey A. Meyers
Commissioner

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division for Behavioral Health, to exercise a renewal option and enter into a **sole source** amendment with Hampstead Outlook Inc., dba Hampstead Hospital, Vendor #TBD, 218 East Road, Hampstead, NH 03841, by increasing the Price Limitation by \$50,000 from \$50,000 to an amount not to exceed \$100,000, to increase the number of available beds for children and youth for acute psychiatric treatment, and extend the Completion Date from June 30, 2018 to June 30, 2019, effective upon the date of Governor and Council approval. This agreement was originally approved by Governor and Council on August 23, 2017, Item #18. 100% General Funds.

Funds are available in the following account(s) for SFY 2018 and SFY 2019.

EXPLANATION

This contract is **sole source** because, other than New Hampshire Hospital, the Contractor is the only psychiatric hospital in New Hampshire that accepts children and youth and is enrolled with the Medicaid Managed Care Organizations. By renewing this agreement, more children and youth waiting in emergency departments can be admitted into psychiatric treatment beds.

The purpose of this request is to enable the Contractor to continue to meet the need for children and youth with psychiatric conditions to obtain a psychiatric hospital level of care and treatment for those conditions. The agreement will allow the Contractor to continue to accept children and youth without insurance and to provide the Department with information regarding the

demographics of children and youth utilizing psychiatric hospital level of care and the proportion of children and youth who are admitted with Medicaid, private insurance, or are uninsured. The Contractor will also assist the Department by assessing any system level barriers to timely admissions and discharges of children and youth at this level of care.

As a result of this Agreement, the Contractor will be positioned to assist the Department with the issue of children and youth waiting in the emergency departments for a psychiatric admission. The number of children and youth waiting in emergency departments has been steadily increasing over the past year, culminating in an all-time high in May, 2017. Having access to additional beds will allow children and youth to move more quickly out of emergency departments and into psychiatric treatment, as well as back home or to a community-based option. The original contract allowed the Contractor to provide services to sixty-seven (67) children between October 1, 2017 and March 30, 2018.

On average in New Hampshire, the number of children and youth waiting in emergency departments is generally low, at between two (2) and six (6) at any given time, with spikes in these numbers at various times of the year such as in the spring and during holidays. At times, spikes in the numbers have reached an average of fifteen (15) children and youth waiting.

As referenced in Exhibit C-1 of the Agreement, the Department has the option to extend services for up to one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council. This amendment uses the one (1) year of renewal, leaving no additional years of renewal. The Department is satisfied with the services the Contractor has provided.

Should Governor and Executive Council determine not to approve this request; children and youth may continue to experience unnecessary waiting periods and the uncertainty of an appropriate discharge from the acute care setting, which ultimately may lead to further hospitalizations.

REQUESTED ACTION

SFY	Class	Title	Activity Code	Budget
2018	102-500731	Contracts for Program Services	92102053	\$50,000

EXPLANATION

This contract is **sole source** because, other than New Hampshire Hospital, the Contractor is the only psychiatric hospital in New Hampshire that accepts children and youth and is enrolled with the Managed Care Organizations. By entering into this Agreement, more children and youth waiting in emergency departments can be admitted into psychiatric treatment beds. This contract is **retroactive** to compensate the Contractor for accepting additional children and youth, and for any costs incurred that may be uncompensated due to issues with timely discharges, during the period of July 1, 2017 through Governor and Executive Council approval.

The purpose of this request is to enable the Contractor to increase their capacity to meet the need for children and youth with psychiatric conditions to obtain a psychiatric hospital level of care and treatment for those conditions. The Agreement will allow the Contractor to accept children and youth without insurance and to provide the Department with information regarding the demographics of children and youth utilizing psychiatric hospital level of care and the proportion of children and youth who are admitted with Medicaid, private insurance, or are uninsured. The Contractor will also assist the Department by assessing any system level barriers to timely admissions and discharges of children and youth at this level of care.

As a result of this Agreement, the Contractor will be positioned to assist the Department with the issue of children and youth waiting in the emergency departments for a psychiatric admission. The number of children and youth waiting in emergency departments has been steadily increasing over the past year, culminating in an all-time high in May, 2017. Having access to additional beds will allow children and youth to move more quickly out of emergency departments and into psychiatric treatment, as well as back home or to a community-based option.

On average in New Hampshire, the number of children and youth waiting in emergency departments is generally low, at between two (2) and six (6) at any given time, with spikes in these numbers at various times of the year such as in the spring and during holidays. At times, spikes in the numbers have reached an average of fifteen (15) children and youth waiting. Recently however, the numbers have reached as high as thirty (30) children and youth waiting in emergency departments.

As referenced in Exhibit C-1 of the Agreement, the Department has the option to extend services for up to one (1) additional year, contingent upon satisfactory delivery of services, available funding, agreement of the parties and approval of the Governor and Council.

Should Governor and Executive Council determine not to approve this request; children and youth may continue to experience unnecessary waiting periods and the uncertainty of an appropriate discharge from the acute care setting, which ultimately may lead to further hospitalizations.

Area served: Statewide

Source of funds: 100% General Funds.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council.

The Contractor shall furnish the Department with all forms and documentation regarding eligibility determinations that the Department may request or require.
4. **Fair Hearings:** The Contractor understands that all applicants for services hereunder, as well as individuals declared ineligible have a right to a fair hearing regarding that determination. The Contractor hereby covenants and agrees that all applicants for services shall be permitted to fill out an application form and that each applicant or re-applicant shall be informed of his/her right to a fair hearing in accordance with Department regulations.
5. **Gratuities or Kickbacks:** The Contractor agrees that it is a breach of this Contract to accept or make a payment, gratuity or offer of employment on behalf of the Contractor, any Sub-Contractor or the State in order to influence the performance of the Scope of Work detailed in Exhibit A of this Contract. The State may terminate this Contract and any sub-contract or sub-agreement if it is determined that payments, gratuities or offers of employment of any kind were offered or received by any officials, officers, employees or agents of the Contractor or Sub-Contractor.
6. **Retroactive Payments:** Notwithstanding anything to the contrary contained in the Contract or in any other document, contract or understanding, it is expressly understood and agreed by the parties hereto, that no payments will be made hereunder to reimburse the Contractor for costs incurred for any purpose or for any services provided to any individual prior to the Effective Date of the Contract and no payments shall be made for expenses incurred by the Contractor for any services provided prior to the date on which the individual applies for services or (except as otherwise provided by the federal regulations) prior to a determination that the individual is eligible for such services.
7. **Conditions of Purchase:** Notwithstanding anything to the contrary contained in the Contract, nothing herein contained shall be deemed to obligate or require the Department to purchase services hereunder at a rate which reimburses the Contractor in excess of the Contractor's costs, at a rate which exceeds the amounts reasonable and necessary to assure the quality of such service, or at a rate which exceeds the rate charged by the Contractor to ineligible individuals or other third party funders for such service. If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
 - 7.1. Renegotiate the rates for payment hereunder; in which event new rates shall be established;
 - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

- 7.3. Demand repayment of the excess payment by the Contractor in which event failure to make such repayment shall constitute an Event of Default hereunder. When the Contractor is permitted to determine the eligibility of individuals for services, the Contractor agrees to reimburse the Department for all funds paid by the Department to the Contractor for services provided to any individual who is found by the Department to be ineligible for such services at any time during the period of retention of records established herein.

If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. 7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier-covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I.
